What have the auditors said?

Audit of the accounts: Bristol

Accounts year	Status recorded by PSAA	Opinion signed
2025-26	Unsigned	Not yet
2024-25	Delivered by backstop	26 January 2026

"Delivered by backstop" means the auditor gave an opinion by the statutory backstop date. Many opinions given that way were disclaimed or qualified because the deadline cut the audit short; PSAA publishes which type of opinion each council received only as national totals, so it is not shown here. Auditors' value-for-money findings are in each auditor's annual report on the council's website.

What it adds up to

Bristol: net spending per resident by service, 2025-26, against the median for unitary councils in England

Service	Per resident	Median
Education	£711	£718
Adult social care	£496	£478
Children's social care	£331	£300
Environment and regulation	£112	£110
Public health	£90	£64
Housing (not council homes)	£68	£33
Running the council	£45	£52
Parks, leisure, libraries and culture	£36	£38
Planning and development	£24	£21
Roads and transport	£-24.63	£49

- Bristol spent **32.6**% of its gross service spending on its own staff in 2025-26 (median for unitary councils in England: 31.1%); the rest went on suppliers, contractors, grants, benefits and other running costs.
- Its published payments of £500 or more came to **£796.2m** between 2025-11 and 2026-10. These include capital and council housing spending, so they are not a share of the figures above.
- Payments we classify as consultancy and agency staff came to **19.1**% of its staff costs (median among the 6 other unitary councils in England whose £500 data is read: 5.7%). The two come from different sources and periods, so this is a guide to scale, not an exact share.

What this data does and doesn't show

- These are each body's own figures, as reported to government in its revenue outturn return. Net spending is after the fees, charges and grants a service brings in.
- Your bill is for 2026-27; it is shared out using the latest published return, which covers an earlier year. The mix of spending changes little from one year to the next, but it does change.
- Council tax is not ring-fenced: this shows your bill in proportion to spending, not what your money bought. Where a precept is set aside for adult social care, it is shown against adult social care.
- No council publishes spending at street or property level, so nothing here says what was spent near you.
- Sub-service lines are the ones the national returns itemise. Councils describe their own budgets differently; their budget books and statements of accounts have more detail.

What this data does and doesn't show

- It is the council's own record of payments of £500 or more. It leaves out salaries, most staff costs and many internal costs, so it is not the council's whole spending.
- Descriptions are the council's own and vary in quality; some are codes, some are blank, and some supplier names are withheld to protect individuals.
- A large payment to one supplier is often a routine instalment on a long contract that was tendered openly.
- The categories and the matching to services are this site's classification from keywords, not the council's. The rules are on the methodology page.

- Every figure is as Bristol printed it, in accounts that have not yet been audited. Counts in the £100,000 figure are our sum of the council's bands.
- Comparisons are with the other unitary councils in England read so far; no national figure is published for England.
- Published 2025/26 statement is a spreadsheet listing 70 councillors with no totals row; figures are our column sums: Basic Allowance 1,246,184.44; Extra Responsibility Allowance 482,665.94; 'Allowance' 15,500.00; Broadband 0; Travel 2,171.64; Other Expenses 0; Child Care 0; Total ER Cost 1,746,522.02. 'sra' is the Extra Responsibility Allowance column; 'expenses' is travel, other expenses, child care and broadband; the unlabelled 'Allowance' column (15,500) is in the total only. The council web page states 'The basic allowance of £18,227 is paid to all 70 councillors' without giving the year; the 2025/26 spreadsheet shows full-year basic payments of 17,645.04 to 17,951.07.
