Who is your MP?

A council area can span several constituencies, so your MP depends on your address. Enter your postcode in the box at the top of this page to see your MP and what their office cost, find any MP by name or constituency , or see every constituency and its MP on the MP map.

How much crime is recorded here?

In the 12 months to August 2026, police recorded **94.3 crimes per 1,000 residents** in Cambridge, excluding anti-social behaviour, against 82.5 across England.

Your police precept

A Band D home in Cambridge pays **£314.37** police precept in 2026-27. It funds **Cambridgeshire**, which has £223m in all for 2026-27. The precept is set once for the whole force area and spent across the whole force area, so the crime figures above for Cambridge are not what its precept bought.

What have the auditors said?

Audit of the accounts: Cambridge

Accounts year	Status recorded by PSAA	Opinion signed
2025-26	Unsigned	Not yet
2024-25	Delivered by backstop	24 February 2026

"Delivered by backstop" means the auditor gave an opinion by the statutory backstop date. Many opinions given that way were disclaimed or qualified because the deadline cut the audit short; PSAA publishes which type of opinion each council received only as national totals, so it is not shown here. Auditors' value-for-money findings are in each auditor's annual report on the council's website.

What are senior staff and councillors paid?

Pay and allowances: Cambridge, from the statement of accounts

Measure	2025-26	2024-25
Employees paid £50,000 or more	127	108
Councillors' allowances	£615,000	£534,000

The count is up 19 on the year before. 'The Council's other employees (excluding the senior employees disclosed separately above) receiving more than £50,000 remuneration for the year (excluding employer pension contributions)'. No band at or above £95,000 is printed and no total row. Cambridge is a district council and does not employ school staff (includesSchools recorded false on that basis, not from the note). The accounts describe the allowances figure as "The total of members' allowances and expenses paid in the year was £615,000 (2024/25: £534,000).". These are draft accounts and may change at audit. Thresholds are not adjusted for inflation, so more staff cross them each year as pay rises.

Non-major planning decisions on time, 24 months to end of June 2026	93.5%	90.7% for England

Cambridgeshire County Council runs children's services, adult social care and most roads here, so those rows are the county council's. Inspections happen at different times, so a rating can be several years old; the date is shown with each. Planning figures are measured differently in each nation: share of decisions made within the statutory time (13 weeks for major, 8 for non-major) or an agreed extension, over 24 months.

What it adds up to

Cambridge: net spending per resident by service, 2025-26, against the median for district councils in England

Service	Per resident	Median
Housing (not council homes)	£107	£24
Environment and regulation	£70	£56
Parks, leisure, libraries and culture	£59	£23
Planning and development	£43	£22
Running the council	£-26.03	£41
Roads and transport	£-42.58	£-4.18

- Cambridge spent **40.7**% of its gross service spending on its own staff in 2025-26 (median for district councils in England: 39.3%); the rest went on suppliers, contractors, grants, benefits and other running costs.
- Its published payments of £500 or more came to **£130.7m** between 2025-11 and 2026-10. These include capital and council housing spending, so they are not a share of the figures above.
- Payments we classify as consultancy and agency staff came to **30.6**% of its staff costs (median among the 4 other district councils in England whose £500 data is read: 10.0%). The two come from different sources and periods, so this is a guide to scale, not an exact share.

- Cambridgeshire County Council spent **25.6**% of its gross service spending on its own staff in 2025-26 (median for county councils: 28.8%); the rest went on suppliers, contractors, grants, benefits and other running costs.

What this data does and doesn't show

- These are each body's own figures, as reported to government in its revenue outturn return. Net spending is after the fees, charges and grants a service brings in.
- Your bill is for 2026-27; it is shared out using the latest published return, which covers an earlier year. The mix of spending changes little from one year to the next, but it does change.
- Council tax is not ring-fenced: this shows your bill in proportion to spending, not what your money bought. Where a precept is set aside for adult social care, it is shown against adult social care.
- No council publishes spending at street or property level, so nothing here says what was spent near you.
- Sub-service lines are the ones the national returns itemise. Councils describe their own budgets differently; their budget books and statements of accounts have more detail.

Common questions

- **What does council tax pay for in Cambridge?** A Band D bill of £2,467.02 is split between Cambridge, Cambridgeshire County Council, Cambridgeshire County Council: adult social care precept, this year's increase, Cambridgeshire Police and Crime Commissioner and Chief Constable, Cambridgeshire Combined Fire and Rescue Authority, Cambridgeshire and Peterborough Combined Authority. In proportion to spending, the largest line is adult social care, £749.08.
- **Is council tax ring-fenced for particular services?** No. Council tax is pooled with grants, business rates and fees. The adult social care precept is the exception: councils raise it for adult social care.

What can Cambridge spend a surplus on?

On-street parking charges and all council parking penalty charges (England and Wales)

Ring-fenced by law a ring-fenced parking account. A surplus may only be spent on parking, public transport, highway and environmental improvements and similar purposes; a deficit is made good from the general fund.

Road Traffic Regulation Act 1984, s55, as applied in England by SI 2022/71, regs 25 and 27

Council car park (off-street) tariffs

Kept by the body that collects it the council's general fund. Section 55 covers on-street parking and enforcement income, not car park fees. Not verified

Road Traffic Regulation Act 1984, s55(1), and DfT statutory guidance on civil parking enforcement

Spending by the council's own service areas

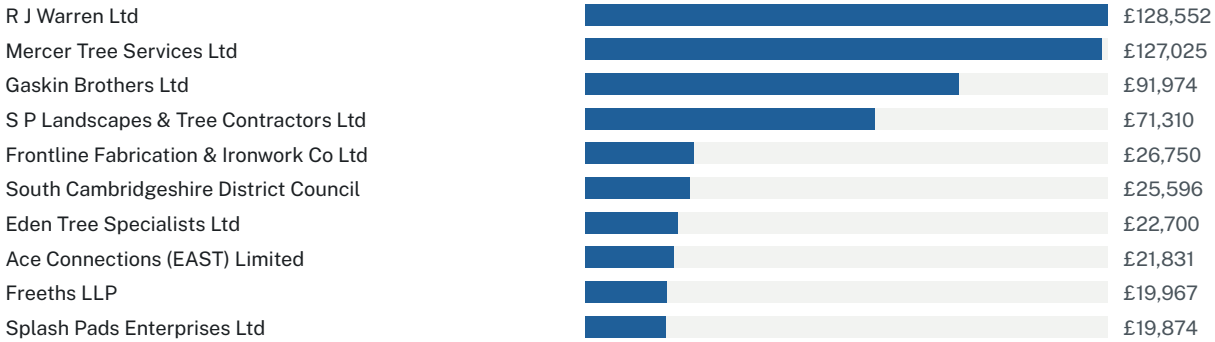

Cambridge: payments by service area, as the council labels them

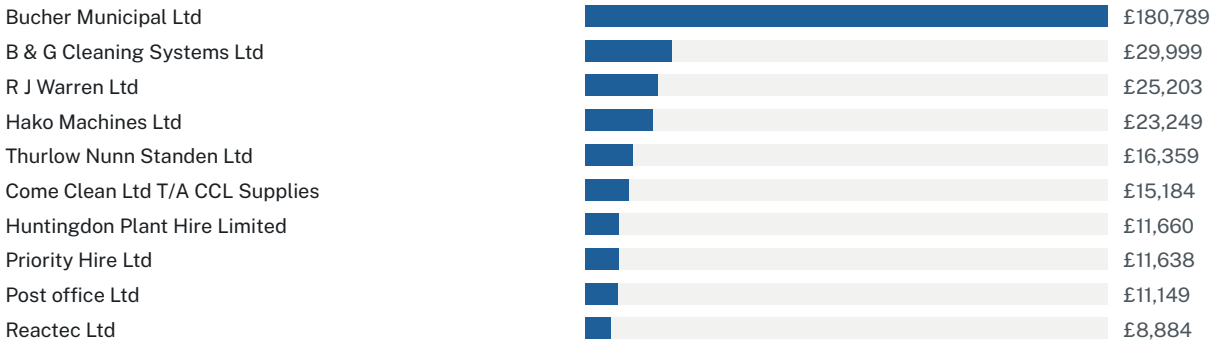

Who is paid for grounds, street cleaning, roads and bins?

The suppliers paid most for each kind of work, where the council's own labels say what the payment was for (our matching). A council that does the work with its own staff pays mostly wages, which are not in this data, so a short list here can mean the work is done in-house.

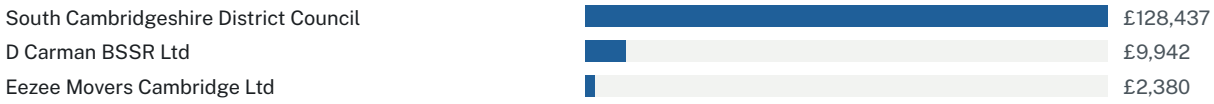

Parks and open spaces (including play areas): largest suppliers

Street cleaning: largest suppliers

Waste collection: largest suppliers

Consultancy and agency against the pay bill

Payments we classify as consultancy and agency staff came to **30.6%** of Cambridge's own staff costs in its 2025-26 revenue return, against a median of 10.0% for the other district councils in England read so far. The payments and the staff costs come from different sources and periods, so this is a guide to scale.

What this data does and doesn't show

- It is the council's own record of payments of £500 or more. It leaves out salaries, most staff costs and many internal costs, so it is not the council's whole spending.
- Descriptions are the council's own and vary in quality; some are codes, some are blank, and some supplier names are withheld to protect individuals.
- A large payment to one supplier is often a routine instalment on a long contract that was tendered openly.
- The categories and the matching to services are this site's classification from keywords, not the council's. The rules are on the methodology page.
