Earmarked and unallocated revenue reserves at the end of the year, excluding schools and public health, as a share of net revenue expenditure. Much of any council's reserves is set aside for particular purposes. Borrowing is total outstanding loans of every kind; councils borrow mainly to pay for buildings, roads and housing, and the figure does not show what the borrowing was for.

What have the auditors said?

Audit of the accounts: Cheltenham

Accounts year	Status recorded by PSAA	Opinion signed
2025-26	Unsigned	Not yet
2024-25	Post backstop opinion delivered	10 June 2026

"Delivered by backstop" means the auditor gave an opinion by the statutory backstop date. Many opinions given that way were disclaimed or qualified because the deadline cut the audit short; PSAA publishes which type of opinion each council received only as national totals, so it is not shown here. Auditors' value-for-money findings are in each auditor's annual report on the council's website.

What are senior staff and councillors paid?

Pay and allowances: Cheltenham, from the statement of accounts

Measure	2024-25	2023-24
Employees paid £50,000 or more	35	26
Councillors' allowances	£457,144	£428,009

The count is up 9 on the year before. Current = 2024/25, previous = 2023/24. 'The number of other employees whose remuneration, excluding employer's pension contributions, was £50,000 or more in bands of £5,000' follows the senior officers table. Totals 35 (2024/25) and 26 (2023/24). Cheltenham is a district council and does not employ school staff (includesSchools recorded false on that basis, not from the note). The second band is printed '£55.000 -£59,999'. The accounts describe the allowances figure as "In 2024/25 the council paid £457,144 (2023/24 £428,009) in allowances to its 40 members.". Thresholds are not adjusted for inflation, so more staff cross them each year as pay rises.

Gloucestershire County Council runs children's services, adult social care and most roads here, so those rows are the county council's. Planning figures are measured differently in each nation: share of decisions made within the statutory time (13 weeks for major, 8 for non-major) or an agreed extension, over 24 months. Recycling rates are measured differently in England, Scotland and Wales, so compare within a nation.

- Gloucestershire County Council spent **33.8**% of its gross service spending on its own staff in 2025-26 (median for county councils: 28.1%); the rest went on suppliers, contractors, grants, benefits and other running costs.

What this data does and doesn't show

- These are each body's own figures, as reported to government in its revenue outturn return. Net spending is after the fees, charges and grants a service brings in.
- Your bill is for 2026-27; it is shared out using the latest published return, which covers an earlier year. The mix of spending changes little from one year to the next, but it does change.
- Council tax is not ring-fenced: this shows your bill in proportion to spending, not what your money bought. Where a precept is set aside for adult social care, it is shown against adult social care.
- No council publishes spending at street or property level, so nothing here says what was spent near you.
- Sub-service lines are the ones the national returns itemise. Councils describe their own budgets differently; their budget books and statements of accounts have more detail.

Common questions

- **What does council tax pay for in Cheltenham?** A Band D bill of £2,369.52 is split between Cheltenham, Gloucestershire County Council, Gloucestershire County Council: adult social care precept, this year's increase, Gloucestershire Police and Crime Commissioner and Chief Constable, Parish and town councils (average for the area). In proportion to spending, the largest line is adult social care, £605.32.
- **Is council tax ring-fenced for particular services?** No. Council tax is pooled with grants, business rates and fees. The adult social care precept is the exception: councils raise it for adult social care.

What can Cheltenham spend a surplus on?

On-street parking charges and all council parking penalty charges (England and Wales)

Ring-fenced by law a ring-fenced parking account. A surplus may only be spent on parking, public transport, highway and environmental improvements and similar purposes; a deficit is made good from the general fund.

Road Traffic Regulation Act 1984, s55, as applied in England by SI 2022/71, regs 25 and 27

Council car park (off-street) tariffs

Kept by the body that collects it the council's general fund. Section 55 covers on-street parking and enforcement income, not car park fees. Not verified

Road Traffic Regulation Act 1984, s55(1), and DfT statutory guidance on civil parking enforcement

Consultancy and agency against the pay bill

Payments we classify as consultancy and agency staff came to **6.5%** of Cheltenham's own staff costs in its 2025-26 revenue return, against a median of 18.3% for the other district councils in England read so far. The payments and the staff costs come from different sources and periods, so this is a guide to scale.

What this data does and doesn't show

- It is the council's own record of payments of £500 or more. It leaves out salaries, most staff costs and many internal costs, so it is not the council's whole spending.
- Descriptions are the council's own and vary in quality; some are codes, some are blank, and some supplier names are withheld to protect individuals.
- A large payment to one supplier is often a routine instalment on a long contract that was tendered openly.
- The categories and the matching to services are this site's classification from keywords, not the council's. The rules are on the methodology page.

What this data does and doesn't show

- Every figure is as Cheltenham printed it. Counts in the £100,000 figure are our sum of the council's bands.
- Comparisons are with the other district councils read so far; no national figure is published for England.
- No 2025/26 statement of accounts was found on the council website or democracy portal at the time of checking, so the 2024/25 statement is used. The auditor (Bishop Fleming) issued a disclaimer of opinion on the 2024/25 financial statements under the backstop arrangements ('We do not express an opinion on the financial statements'); status is recorded as 'audited' in that sense. The council's Members' Allowances page lists summaries by year but the documents could not be retrieved in the time available.
