Earmarked and unallocated revenue reserves at the end of the year, excluding schools and public health, as a share of net revenue expenditure. Much of any council's reserves is set aside for particular purposes. Borrowing is total outstanding loans of every kind; councils borrow mainly to pay for buildings, roads and housing, and the figure does not show what the borrowing was for.

What have the auditors said?

Audit of the accounts: Colchester

Accounts year	Status recorded by PSAA	Opinion signed
2025-26	Unsigned	Not yet
2024-25	Post backstop opinion delivered	25 March 2026

"Delivered by backstop" means the auditor gave an opinion by the statutory backstop date. Many opinions given that way were disclaimed or qualified because the deadline cut the audit short; PSAA publishes which type of opinion each council received only as national totals, so it is not shown here. Auditors' value-for-money findings are in each auditor's annual report on the council's website.

What are senior staff and councillors paid?

Senior pay and councillor allowances for Colchester have not yet been read from its statement of accounts. There is no central dataset of either; they are being added council by council, each with a link to the page of the accounts it comes from.

How are its services rated?

Service ratings and performance: Colchester

Measure	Colchester	For comparison

Non-major planning decisions on time, 24 months to end of June 2026	97.2%	90.7% for England

Essex County Council runs children's services, adult social care and most roads here, so those rows are the county council's. Inspections happen at different times, so a rating can be several years old; the date is shown with each. Planning figures are measured differently in each nation: share of decisions made within the statutory time (13 weeks for major, 8 for non-major) or an agreed extension, over 24 months. Recycling rates are measured differently in England, Scotland and Wales, so compare within a nation.

How much of the council's spending does this cover?

Council tax paid for **21.1%** of the money Colchester had to spend in 2025-26. The rest came from government grants (7.0%), business rates (7.6%) and fees, charges and other income (58.3%), with 5.9% taken from reserves. That is why a grant cut can raise your bill even when the council has not changed what it does. See where it goes.

Planning and development	£13	£4.63
Housing (not council homes)	£1.55	£3.07

- Essex County Council spent **25.2%** of its gross service spending on its own staff in 2025-26 (median for county councils: 28.8%); the rest went on suppliers, contractors, grants, benefits and other running costs.
- Its published payments of £500 or more came to **£2.89bn** between 2025-11 and 2026-10. These include capital and council housing spending, so they are not a share of the figures above.
- Payments we classify as consultancy and agency staff came to **4.1%** of its staff costs (median among the 1 other county councils whose £500 data is read: 2.9%). The two come from different sources and periods, so this is a guide to scale, not an exact share.

What this data does and doesn't show

- These are each body's own figures, as reported to government in its revenue outturn return. Net spending is after the fees, charges and grants a service brings in.
- Your bill is for 2026-27; it is shared out using the latest published return, which covers an earlier year. The mix of spending changes little from one year to the next, but it does change.
- Council tax is not ring-fenced: this shows your bill in proportion to spending, not what your money bought. Where a precept is set aside for adult social care, it is shown against adult social care.
- No council publishes spending at street or property level, so nothing here says what was spent near you.
- Sub-service lines are the ones the national returns itemise. Councils describe their own budgets differently; their budget books and statements of accounts have more detail.

Common questions

- **What does council tax pay for in Colchester?** A Band D bill of £2,282.85 is split between Colchester, Essex County Council, Essex County Council: adult social care precept, this year's increase, Essex Police and Crime Commissioner and Chief Constable, Essex Combined Fire and Rescue Authority, Parish and town councils (average for the area). In proportion to spending, the largest line is adult social care, £767.38.
- **Is council tax ring-fenced for particular services?** No. Council tax is pooled with grants, business rates and fees. The adult social care precept is the exception: councils raise it for adult social care.

What can Colchester spend a surplus on?

On-street parking charges and all council parking penalty charges (England and Wales)

Ring-fenced by law a ring-fenced parking account. A surplus may only be spent on parking, public transport, highway and environmental improvements and similar purposes; a deficit is made good from the general fund.

Road Traffic Regulation Act 1984, s55, as applied in England by SI 2022/71, regs 25 and 27

Council car park (off-street) tariffs

Kept by the body that collects it the council's general fund. Section 55 covers on-street parking and enforcement income, not car park fees. Not verified

Road Traffic Regulation Act 1984, s55(1), and DfT statutory guidance on civil parking enforcement
