What have the auditors said?

Audit of the accounts: Cornwall

Accounts year	Status recorded by PSAA	Opinion signed
2025-26	Unsigned	Not yet
2024-25	Delivered by backstop	14 January 2026

"Delivered by backstop" means the auditor gave an opinion by the statutory backstop date. Many opinions given that way were disclaimed or qualified because the deadline cut the audit short; PSAA publishes which type of opinion each council received only as national totals, so it is not shown here. Auditors' value-for-money findings are in each auditor's annual report on the council's website.

What are senior staff and councillors paid?

Pay and allowances: Cornwall, from the statement of accounts

Employees paid £50,000 or more	1,193	949
Councillors' allowances	£2,131,000	£2,139,000

The count is up 244 on the year before. 'The Council's employees receiving more than £50,000 remuneration for the year (excluding employer's pension contributions)': School Staff (teachers and other school-based staff), Other Staff and Total; counts are Total (1,193 in 2025/26; 949 in 2024/25). 'Consistent with the approach taken in prior years, this table includes senior employees also included in the previous table. It does not include employees of Joint Committees.' Dashes recorded as 0. The accounts describe the allowances figure as "Allowances 2.071 (restated 2024/25 2.085); Expenses* 0.015 (0.011); Travel 0.045 (0.043); Total 2.131 (2.139) £m. *Prior year comparator amended as incorrectly stated last year.". These are draft accounts and may change at audit. Thresholds are not adjusted for inflation, so more staff cross them each year as pay rises.

How much of the council's spending does this cover?

Council tax paid for **27.5%** of the money Cornwall had to spend in 2025-26. The rest came from government grants (35.2%), business rates (15.1%) and fees, charges and other income (20.8%), with 1.4% taken from reserves. What it adds up to

Cornwall: net spending per resident by service, 2025-26, against the median for unitary councils in England

Service	Per resident	Median
Adult social care	£604	£478
Education	£562	£718
Children's social care	£262	£309
Environment and regulation	£164	£110
Public health	£76	£64
Roads and transport	£72	£49
Housing (not council homes)	£64	£33
Fire and rescue	£59	£235
Parks, leisure, libraries and culture	£35	£38
Running the council	£32	£52
Planning and development	£15	£22

- Cornwall spent **27.6%** of its gross service spending on its own staff in 2025-26 (median for unitary councils in England: 31.4%); the rest went on suppliers, contractors, grants, benefits and other running costs.
- Its published payments of £500 or more came to **£3.04bn** between 2025-03 and 2026-02. These include capital and council housing spending, so they are not a share of the figures above.
- Payments we classify as consultancy and agency staff came to **3.6%** of its staff costs (median among the 6 other unitary councils in England whose £500 data is read: 8.4%). The two come from different sources and periods, so this is a guide to scale, not an exact share.

What this data does and doesn't show

- These are each body's own figures, as reported to government in its revenue outturn return. Net spending is after the fees, charges and grants a service brings in.
- Your bill is for 2026-27; it is shared out using the latest published return, which covers an earlier year. The mix of spending changes little from one year to the next, but it does change.
- Council tax is not ring-fenced: this shows your bill in proportion to spending, not what your money bought. Where a precept is set aside for adult social care, it is shown against adult social care.
- No council publishes spending at street or property level, so nothing here says what was spent near you.
- Sub-service lines are the ones the national returns itemise. Councils describe their own budgets differently; their budget books and statements of accounts have more detail.

Common questions

In proportion to spending, the largest line is adult social care, £819.68.
- **Is council tax ring-fenced for particular services?** No. Council tax is pooled with grants, business rates and fees. The adult social care precept is the exception: councils raise it for adult social care.

What this data does and doesn't show

- It is the council's own record of payments of £500 or more. It leaves out salaries, most staff costs and many internal costs, so it is not the council's whole spending.
- Descriptions are the council's own and vary in quality; some are codes, some are blank, and some supplier names are withheld to protect individuals.
- A large payment to one supplier is often a routine instalment on a long contract that was tendered openly.
- The categories and the matching to services are this site's classification from keywords, not the council's. The rules are on the methodology page.

- Every figure is as Cornwall printed it, in accounts that have not yet been audited. Counts in the £100,000 figure are our sum of the council's bands.
- Comparisons are with the other unitary councils in England read so far; no national figure is published for England.
- Accounts treated as draft: the auditor's report pages read 'To follow on completion of the Audit.'
