In London the police precept is part of the Mayor’s precept on your bill. It funds **Metropolitan Police**, which has £4.0bn in all for 2026-27. What have the auditors said?

Audit of the accounts: Croydon

Accounts year	Status recorded by PSAA	Opinion signed
2024-25	Delivered by backstop	27 February 2026
2023-24	Post backstop opinion delivered	18 August 2025

"Delivered by backstop" means the auditor gave an opinion by the statutory backstop date. Many opinions given that way were disclaimed or qualified because the deadline cut the audit short; PSAA publishes which type of opinion each council received only as national totals, so it is not shown here. Auditors' value-for-money findings are in each auditor's annual report on the council's website.

What are senior staff and councillors paid?

Pay and allowances: Croydon, from the statement of accounts

Employees paid £50,000 or more	1,455	1,203
Councillors' allowances	£1,438,000	£1,337,000

The count is up 252 on the year before. 'Out of more than 7,000 employees, the number whose remuneration, excluding on-costs and allowances, was £50,000 or more in bands of £5,000'. 'The table above does not include the members of the Corporate Management Team listed on the following page on note 27B'. Schools and Non-Schools columns, no combined column; totals Schools 356 / Non-Schools 1,099 (2025/26) and 274 / 929 (2024/25). Values checked against word positions in the PDF; runs of all-zero bands collapsed here. The accounts describe the allowances figure as "Total allowances paid to the Members of the Council was £1.438m in 2025/26 (£1.337m in 2024/25). The Council pays employer's national insurance on Members' allowances, taking the total cost to £1.601m in 2025/26 (£1.478m in 2024/25)". These are draft accounts and may change at audit. Thresholds are not adjusted for inflation, so more staff cross them each year as pay rises.

How much of the council's spending does this cover?

Council tax paid for 20.8% of the money Croydon had to spend in 2025-26. The rest came from government grants (41.4%), business rates (7.7%) and fees, charges and other income (29.4%), with 0.7% taken from reserves. What it adds up to

Croydon: net spending per resident by service, 2025-26, against the median for London boroughs

Service	Per resident	Median
Education	£805	£990
Adult social care	£476	£438
Children's social care	£369	£291
Housing (not council homes)	£172	£146
Environment and regulation	£106	£104
Public health	£74	£89
Running the council	£40	£69
Roads and transport	£40	£-2.33
Parks, leisure, libraries and culture	£26	£40
Planning and development	£19	£24
Other services	£14	£17

- Croydon spent **16.3%** of its gross service spending on its own staff in 2025-26 (median for London boroughs: 33.7%); the rest went on suppliers, contractors, grants, benefits and other running costs.
- Its published payments of £500 or more came to **£1.02bn** between 2025-09 and 2026-08. These include capital and council housing spending, so they are not a share of the figures above.
- Payments we classify as consultancy and agency staff came to **28.8%** of its staff costs (median among the 5 other London boroughs whose £500 data is read: 12.4%). The two come from different sources and periods, so this is a guide to scale, not an exact share.

What this data does and doesn't show

- These are each body's own figures, as reported to government in its revenue outturn return. Net spending is after the fees, charges and grants a service brings in.
- Your bill is for 2026-27; it is shared out using the latest published return, which covers an earlier year. The mix of spending changes little from one year to the next, but it does change.
- Council tax is not ring-fenced: this shows your bill in proportion to spending, not what your money bought. Where a precept is set aside for adult social care, it is shown against adult social care.
- No council publishes spending at street or property level, so nothing here says what was spent near you.
- Sub-service lines are the ones the national returns itemise. Councils describe their own budgets differently; their budget books and statements of accounts have more detail.

Ring-fenced by law a ring-fenced parking account. A surplus may only be spent on parking, public transport, highway and environmental improvements and similar purposes; a deficit is made good from the general fund.

What this data does and doesn't show

- It is the council's own record of payments of £500 or more. It leaves out salaries, most staff costs and many internal costs, so it is not the council's whole spending.
- Descriptions are the council's own and vary in quality; some are codes, some are blank, and some supplier names are withheld to protect individuals.
- A large payment to one supplier is often a routine instalment on a long contract that was tendered openly.
- The categories and the matching to services are this site's classification from keywords, not the council's. The rules are on the [methodology page](#).

What this data does and doesn't show

- Every figure is as Croydon printed it, in accounts that have not yet been audited. Counts in the £100,000 figure are our sum of the council's bands.
- Comparisons are with the other London boroughs read so far; no national figure is published for England.
- Croydon publishes members' allowances as monthly lists ('Members Allowances Scheme - Additional Information', April 2025 to March 2026) without an annual total; these were not summed here. The March 2026 list shows a monthly 'Members Allowance Contractual Non Pen' of 1,030.58 per councillor; the annual basic allowance was not confirmed from a council document in the time available (a local news report gives £11,984 for 2025-26, not used).
