Your police precept

In London the police precept is part of the Mayor's precept on your bill. It funds **Metropolitan Police**, which has £4.0bn in all for 2026-27. The precept is set once for the whole force area and spent across the whole force area, so the crime figures above for Croydon are not what its precept bought.

Accounts year	Status recorded by PSAA	Opinion signed
2025-26	Unsigned	Not yet
2024-25	Delivered by backstop	27 February 2026

"Delivered by backstop" means the auditor gave an opinion by the statutory backstop date. Many opinions given that way were disclaimed or qualified because the deadline cut the audit short; PSAA publishes which type of opinion each council received only as national totals, so it is not shown here. Auditors' value-for-money findings are in each auditor's annual report on the council's website.

What it adds up to

Croydon: net spending per resident by service, 2025-26, against the median for London boroughs

Service	Per resident	Median
Education	£805	£990
Adult social care	£476	£438
Children's social care	£369	£291
Housing (not council homes)	£172	£146
Environment and regulation	£106	£104
Public health	£74	£89
Running the council	£40	£69
Roads and transport	£40	£-2.33
Parks, leisure, libraries and culture	£26	£40
Planning and development	£19	£24
Other services	£14	£17

- Croydon spent **16.3%** of its gross service spending on its own staff in 2025-26 (median for London boroughs: 33.7%); the rest went on suppliers, contractors, grants, benefits and other running costs.
- Its published payments of £500 or more came to **£1.03bn** between 2025-10 and 2026-09. These include capital and council housing spending, so they are not a share of the figures above.
- Payments we classify as consultancy and agency staff came to **28.3%** of its staff costs (median among the 5 other London boroughs whose £500 data is read: 12.6%). The two come from different sources and periods, so this is a guide to scale, not an exact share.

What this data does and doesn't show

- These are each body's own figures, as reported to government in its revenue outturn return. Net spending is after the fees, charges and grants a service brings in.
- Your bill is for 2026-27; it is shared out using the latest published return, which covers an earlier year. The mix of spending changes little from one year to the next, but it does change.
- Council tax is not ring-fenced: this shows your bill in proportion to spending, not what your money bought. Where a precept is set aside for adult social care, it is shown against adult social care.
- No council publishes spending at street or property level, so nothing here says what was spent near you.
- Sub-service lines are the ones the national returns itemise. Councils describe their own budgets differently; their budget books and statements of accounts have more detail.

Common questions

- **What does council tax pay for in Croydon?** A Band D bill of £2,599.91 is split between Croydon, Croydon: adult social care precept, this year's increase, Greater London Authority (Mayor, TfL, London Fire Brigade), Mayor's Office for Policing and Crime. In proportion to spending, the largest line is adult social care, £654.28.
- **Is council tax ring-fenced for particular services?** No. Council tax is pooled with grants, business rates and fees. The adult social care precept is the exception: councils raise it for adult social care.

What can Croydon spend a surplus on?

On-street parking charges and all council parking penalty charges (England and Wales)

Ring-fenced by law a ring-fenced parking account. A surplus may only be spent on parking, public transport, highway and environmental improvements and similar purposes; a deficit is made good from the general fund.

Road Traffic Regulation Act 1984, s55, as applied in England by SI 2022/71, regs 25 and 27

Council car park (off-street) tariffs

Kept by the body that collects it the council's general fund. Section 55 covers on-street parking and enforcement income, not car park fees. Not verified

Road Traffic Regulation Act 1984, s55(1), and DfT statutory guidance on civil parking enforcement

The suppliers paid most for each kind of work, where the council's own labels say what the payment was for (our matching). A council that does the work with its own staff pays mostly wages, which are not in this data, so a short list here can mean the work is done in-house.

What this data does and doesn't show

- It is the council's own record of payments of £500 or more. It leaves out salaries, most staff costs and many internal costs, so it is not the council's whole spending.
- Descriptions are the council's own and vary in quality; some are codes, some are blank, and some supplier names are withheld to protect individuals.
- A large payment to one supplier is often a routine instalment on a long contract that was tendered openly.
- The categories and the matching to services are this site's classification from keywords, not the council's. The rules are on the methodology page.

What this data does and doesn't show

- Every figure is as Croydon printed it, in accounts that have not yet been audited. Counts in the £100,000 figure are our sum of the council's bands.
- Comparisons are with the other London boroughs read so far; no national figure is published for England.
- Croydon publishes members' allowances as monthly lists ('Members Allowances Scheme - Additional Information', April 2025 to March 2026) without an annual total; these were not summed here. The March 2026 list shows a monthly 'Members Allowance Contractual Non Pen' of 1,030.58 per councillor; the annual basic allowance was not confirmed from a council document in the time available (a local news report gives £11,984 for 2025-26, not used).
