What does the council make from parking?

This council does not appear in the latest parking return.

What the law lets a council spend a parking surplus on is on parking fines and council parking income.

Who is your MP?

A council area can span several constituencies, so your MP depends on your address. Enter your postcode in the box at the top of this page to see your MP and what their office cost, find any MP by name or constituency , or see every constituency and its MP on the MP map.

How much crime is recorded here?

In the 12 months to August 2026, police recorded **69.3 crimes per 1,000 residents** in Folkestone and Hythe, excluding anti-social behaviour, against 82.5 across England.

Your police precept

A Band D home in Folkestone and Hythe pays **£285.15** police precept in 2026-27. It funds **Kent**, which has £486m in all for 2026-27. The precept is set once for the whole force area and spent across the whole force area, so the crime figures above for Folkestone and Hythe are not what its precept bought.

What have the auditors said?

Audit of the accounts: Folkestone and Hythe

Accounts year	Status recorded by PSAA	Opinion signed
2025-26	Unsigned	Not yet
2024-25	Delivered by backstop	4 February 2026

"Delivered by backstop" means the auditor gave an opinion by the statutory backstop date. Many opinions given that way were disclaimed or qualified because the deadline cut the audit short; PSAA publishes which type of opinion each council received only as national totals, so it is not shown here. Auditors' value-for-money findings are in each auditor's annual report on the council's website.

Kent County Council runs children's services, adult social care and most roads here, so those rows are the county council's. Inspections happen at different times, so a rating can be several years old; the date is shown with each. Planning figures are measured differently in each nation: share of decisions made within the statutory time (13 weeks for major, 8 for non-major) or an agreed extension, over 24 months. Recycling rates are measured differently in England, Scotland and Wales, so compare within a nation.

What this data does and doesn't show

- These are each body's own figures, as reported to government in its revenue outturn return. Net spending is after the fees, charges and grants a service brings in.
- Your bill is for 2026-27; it is shared out using the latest published return, which covers an earlier year. The mix of spending changes little from one year to the next, but it does change.
- Council tax is not ring-fenced: this shows your bill in proportion to spending, not what your money bought. Where a precept is set aside for adult social care, it is shown against adult social care.
- No council publishes spending at street or property level, so nothing here says what was spent near you.
- Sub-service lines are the ones the national returns itemise. Councils describe their own budgets differently; their budget books and statements of accounts have more detail.
