## What have the auditors said?

### Audit of the accounts: Hyndburn

| Accounts year | Status recorded by PSAA | Opinion signed   |
|---------------|-------------------------|------------------|
| 2024-25       | Delivered by backstop   | 26 February 2026 |
| 2023-24       | Delivered by backstop   | 25 February 2025 |

“Delivered by backstop” means the auditor gave an opinion by the statutory backstop date. Many opinions given that way were disclaimed or qualified because the deadline cut the audit short; PSAA publishes which type of opinion each council received only as national totals, so it is not shown here. Auditors' value-for-money findings are in each auditor's annual report on the council's website.

Lancashire County Council runs children’s services, adult social care and most roads here, so those rows are the county council’s. Inspections happen at different times, so a rating can be several years old; the date is shown with each. Planning figures are measured differently in each nation: share of decisions made within the statutory time (13 weeks for major, 8 for non-major) or an agreed extension, over 24 months. Recycling rates are measured differently in England, Scotland and Wales, so compare within a nation.

What this data does and doesn't show

- These are each body's own figures, as reported to government in its revenue outturn return. Net spending is after the fees, charges and grants a service brings in.
- Your bill is for 2026-27; it is shared out using the latest published return, which covers an earlier year. The mix of spending changes little from one year to the next, but it does change.
- Council tax is not ring-fenced: this shows your bill in proportion to spending, not what your money bought. Where a precept is set aside for adult social care, it is shown against adult social care.
- No council publishes spending at street or property level, so nothing here says what was spent near you.
- Sub-service lines are the ones the national returns itemise. Councils describe their own budgets differently; their budget books and statements of accounts have more detail.

## Common questions

In proportion to spending, the largest line is adult social care, £730.41.

### What can Hyndburn BC spend a surplus on?

#### On-street parking charges and all council parking penalty charges (England and Wales)

Ring-fenced by law a ring-fenced parking account. A surplus may only be spent on parking, public transport, highway and environmental improvements and similar purposes; a deficit is made good from the general fund.

[Road Traffic Regulation Act 1984, s55, as applied in England by SI 2022/71, regs 25 and 27](#)

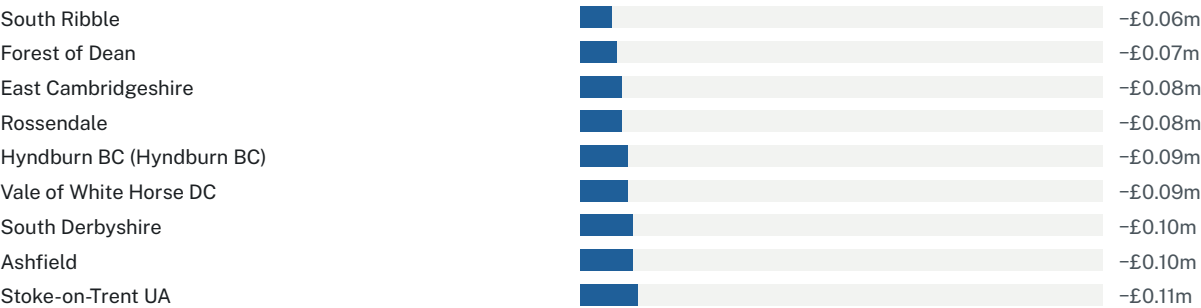

#### Council car park (off-street) tariffs

Kept by the body that collects it the council's general fund. Section 55 covers on-street parking and enforcement income, not car park fees. Not verified

### How does Hyndburn BC compare with other councils?

#### Hyndburn BC among the England councils nearest it, parking surplus 2025–26

Ranked largest surplus first; a negative figure is a deficit. Every council is in the full tables.

[Every council's parking surplus](#), penalty charge levels and the national trend. A deficit means parking cost the council more than it brought in; the law requires the gap to be met from the general fund.
