Earmarked and unallocated revenue reserves at the end of the year, excluding schools and public health, as a share of net revenue expenditure. Much of any council's reserves is set aside for particular purposes. Borrowing is total outstanding loans of every kind; councils borrow mainly to pay for buildings, roads and housing, and the figure does not show what the borrowing was for.

What have the auditors said?

Audit of the accounts: Leeds

Accounts year	Status recorded by PSAA	Opinion signed
2024-25	Delivered by backstop	21 February 2026
2023-24	Delivered by backstop	26 February 2025

“Delivered by backstop” means the auditor gave an opinion by the statutory backstop date. Many opinions given that way were disclaimed or qualified because the deadline cut the audit short; PSAA publishes which type of opinion each council received only as national totals, so it is not shown here. Auditors’ value-for-money findings are in each auditor’s annual report on the council’s website.

What are senior staff and councillors paid?

Pay and allowances: Leeds, from the statement of accounts

Measure	2025-26	2024-25
Employees paid £50,000 or more	2,153	1,776
Councillors’ allowances	£2,696,000	£2,630,000

The count is up 377 on the year before. ‘Other employee remuneration in excess of £50,000’: ‘employees whose total remuneration is above £50,000 but who are not included in the detailed disclosure for senior employees’. Split into Teachers and Other Staff; counts are the Total column (2,153 in 2025/26; 1,776 in 2024/25). Above £120,000 the council combines bands (£120,000-£159,999; £160,000-£189,999; 2024/25 shows ‘-’ for the top band). Includes 1 teacher and 18 other staff (2024/25: 1 and 8) normally paid under £50k who received Early Leavers Initiative lump sums. The accounts describe the allowances figure as “Members’ Allowances (£000s): Basic Allowance 1,865 (2024/25 1,824); Special Responsibility Allowance 831 (806); total 2,696 (2,630)”. These are draft accounts and may change at audit. Thresholds are not adjusted for inflation, so more staff cross them each year as pay rises.

Unclassified roads where maintenance should be considered, 2024-25	24%	17% in England
Household waste sent for reuse, recycling or composting, 2024-25	37.3%	42.0% for England
Major planning decisions on time, 24 months to end of June 2026	89.6%	91.0% for England
Non-major planning decisions on time, 24 months to end of June 2026	92.3%	90.7% for England

Inspections happen at different times, so a rating can be several years old; the date is shown with each. Planning figures are measured differently in each nation: share of decisions made within the statutory time (13 weeks for major, 8 for non-major) or an agreed extension, over 24 months. Recycling rates are measured differently in England, Scotland and Wales, so compare within a nation.

How much of the council's spending does this cover?

Council tax paid for 16.0% of the money Leeds had to spend in 2025-26. The rest came from government grants (46.7%), business rates (8.8%) and fees, charges and other income (28.3%), with 0.2% taken from reserves. That is why a grant cut can raise your bill even when the council has not changed what it does. [See where it goes](#).

Other services	£-30.00	£0.52

- Leeds spent **36.8%** of its gross service spending on its own staff in 2025-26 (median for metropolitan borough councils: 33.6%); the rest went on suppliers, contractors, grants, benefits and other running costs.
- Its published payments of £500 or more came to **£1.65bn** between 2025-07 and 2026-06. These include capital and council housing spending, so they are not a share of the figures above.
- Payments we classify as consultancy and agency staff came to **0.9%** of its staff costs (median among the 3 other metropolitan borough councils whose £500 data is read: 9.6%). The two come from different sources and periods, so this is a guide to scale, not an exact share.

What this data does and doesn't show

- These are each body's own figures, as reported to government in its revenue outturn return. Net spending is after the fees, charges and grants a service brings in.
- Your bill is for 2026-27; it is shared out using the latest published return, which covers an earlier year. The mix of spending changes little from one year to the next, but it does change.
- Council tax is not ring-fenced: this shows your bill in proportion to spending, not what your money bought. Where a precept is set aside for adult social care, it is shown against adult social care.
- No council publishes spending at street or property level, so nothing here says what was spent near you.
- Sub-service lines are the ones the national returns itemise. Councils describe their own budgets differently; their budget books and statements of accounts have more detail.

Common questions

- **What does council tax pay for in Leeds?** A Band D bill of £2,283.73 is split between Leeds, Leeds: adult social care precept, this year's increase, West Yorkshire Police, West Yorkshire Fire and Rescue Authority, Parish and town councils (average for the area). In proportion to spending, the largest line is adult social care, £613.07.
- **Is council tax ring-fenced for particular services?** No. Council tax is pooled with grants, business rates and fees. The adult social care precept is the exception: councils raise it for adult social care.

What can Leeds spend a surplus on?

On-street parking charges and all council parking penalty charges (England and Wales)

Ring-fenced by law a ring-fenced parking account. A surplus may only be spent on parking, public transport, highway and environmental improvements and similar purposes; a deficit is made good from the general fund.

[Road Traffic Regulation Act 1984, s55, as applied in England by SI 2022/71, regs 25 and 27](#)

Council car park (off-street) tariffs

Kept by the body that collects it the council's general fund. Section 55 covers on-street parking and enforcement income, not car park fees. Not verified

Leeds: spending over £500

Your area · Last updated 26 September 2026 · <https://whereyourmoneygoes.co.uk/councils/spending-over-500/leeds/>

Leeds published 113,538 payments of £500 or more between July 2025 and June 2026, worth £1.65bn in all, to 7,775 suppliers. The largest total went to Housing Benefit: £83.1m across 57 payments. These are the council's own published records; the gaps in them are listed below.

Gaps and problems in the data, as published:

- The council publishes every payment, whatever its size; payments under £500 are left out here so councils compare on the same footing.
- 11.2% of payments (£41,642,170) have the supplier name withheld or redacted by the council, usually because the payee is an individual.
- 36% of payments have no description or expense type.
- 893 credits and refunds (negative amounts, £6,221,260 in all) are included, so totals are net.

What this data does and doesn't show

- It is the council's own record of payments of £500 or more. It leaves out salaries, most staff costs and many internal costs, so it is not the council's whole spending.
- Descriptions are the council's own and vary in quality; some are codes, some are blank, and some supplier names are withheld to protect individuals.
- A large payment to one supplier is often a routine instalment on a long contract that was tendered openly.

What this data does and doesn't show

- Every figure is as Leeds printed it, in accounts that have not yet been audited. Counts in the £100,000 figure are our sum of the council's bands.
- Comparisons are with the other metropolitan borough councils read so far; no national figure is published for England.
- Published 2025/26 allowances list prints no column totals; basic and SRA are our sums of the per-member values and agree with the accounts note (£1,865k and £831k). The 'Dependant carers/travel and subsistence allowance' column carries no values in the list, so expenses is left null. Basic rate is the full-year Basic figure (18,937) shown for councillors in the 2025/26 list; the allowances scheme itself was not checked.
