Audit of the accounts: Leicester

Accounts year	Status recorded by PSAA	Opinion signed
2025-26	Unsigned	Not yet
2024-25	Delivered by backstop	24 February 2026

"Delivered by backstop" means the auditor gave an opinion by the statutory backstop date. Many opinions given that way were disclaimed or qualified because the deadline cut the audit short; PSAA publishes which type of opinion each council received only as national totals, so it is not shown here. Auditors' value-for-money findings are in each auditor's annual report on the council's website.

Part 2 'Higher Paid Employees': 'The number of other Council employees receiving more than £50,000 remuneration ... the table excludes the senior officers listed in the previous table. These figures include teaching, senior leadership and support staff within local authority schools.' Remuneration excludes employer's pension contributions and includes compensation for loss of office. Non-Schools, Schools and Total; counts are Total (1,034 in 2025/26; 790 in 2024/25). Dashes recorded as 0. The accounts describe the allowances figure as "Basic Allowance Payments 748,318 (2024/25 727,236); Special Responsibility Payments 364,064 (373,407); General Expense Payments 781 (761); Total 1,113,163 (1,101,404)". These are draft accounts and may change at audit. Thresholds are not adjusted for inflation, so more staff cross them each year as pay rises.

How much of the council's spending does this cover?

The rest came from government grants (50.8%), business rates (13.0%) and fees, charges and other income (20.4%), with 1.4% taken from reserves. What it adds up to

Leicester City: net spending per resident by service, 2025-26, against the median for unitary councils in England

Service	Per resident	Median
Education	£928	£712
Adult social care	£549	£478
Children's social care	£298	£309
Public health	£98	£64
Environment and regulation	£97	£111
Housing (not council homes)	£86	£33
Running the council	£62	£51
Parks, leisure, libraries and culture	£47	£38
Roads and transport	£43	£49
Planning and development	£23	£21
Other services	£-17.37	£10

- Leicester City spent **37.3**% of its gross service spending on its own staff in 2025-26 (median for unitary councils in England: 31.1%); the rest went on suppliers, contractors, grants, benefits and other running costs.
- Its published payments of £500 or more came to **£546.9m** between 2025-11 and 2026-10. These include capital and council housing spending, so they are not a share of the figures above.
- Payments we classify as consultancy and agency staff came to **4.9**% of its staff costs (median among the 6 other unitary councils in England whose £500 data is read: 8.4%). The two come from different sources and periods, so this is a guide to scale, not an exact share.

What this data does and doesn't show

- These are each body's own figures, as reported to government in its revenue outturn return. Net spending is after the fees, charges and grants a service brings in.
- Your bill is for 2026-27; it is shared out using the latest published return, which covers an earlier year. The mix of spending changes little from one year to the next, but it does change.
- Council tax is not ring-fenced: this shows your bill in proportion to spending, not what your money bought. Where a precept is set aside for adult social care, it is shown against adult social care.
- No council publishes spending at street or property level, so nothing here says what was spent near you.
- Sub-service lines are the ones the national returns itemise. Councils describe their own budgets differently; their budget books and statements of accounts have more detail.

Leicester: payments by service area, as the council labels them

Who is paid for grounds, street cleaning, roads and bins?

What this data does and doesn't show

- It is the council's own record of payments of £500 or more. It leaves out salaries, most staff costs and many internal costs, so it is not the council's whole spending.
- Descriptions are the council's own and vary in quality; some are codes, some are blank, and some supplier names are withheld to protect individuals.
- A large payment to one supplier is often a routine instalment on a long contract that was tendered openly.
- The categories and the matching to services are this site's classification from keywords, not the council's. The rules are on the methodology page.
