What have the auditors said?

Audit of the accounts: Liverpool

Accounts year	Status recorded by PSAA	Opinion signed
2025-26	Unsigned	Not yet
2024-25	Delivered by backstop	20 February 2026

"Delivered by backstop" means the auditor gave an opinion by the statutory backstop date. Many opinions given that way were disclaimed or qualified because the deadline cut the audit short; PSAA publishes which type of opinion each council received only as national totals, so it is not shown here. Auditors' value-for-money findings are in each auditor's annual report on the council's website.

What are senior staff and councillors paid?

Pay and allowances: Liverpool, from the statement of accounts

Measure	2025-26	2024-25
Employees paid £50,000 or more	1,864	1,380
Councillors' allowances	£1,620,000	£1,191,000

The count is up 484 on the year before. Note 6.30: employees whose remuneration was £50,000 or more, 'excluding those classified as senior employees who are subject to separate disclosure requirements'; remuneration includes termination payments and excludes employer pension contributions. Split into Schools and Other; counts are the Total column (1,864 in 2025/26; 1,380 in 2024/25). 'Staff within voluntary aided schools are not included'. The accounts describe the allowances figure as "Basic Allowances 1,180 (2024/25 896); Special Responsibility Allowances 405 (260); Travel and Subsistence Expenses 7 (5); subtotal 1,592 (1,161); Allowances for members serving on Liverpool City Region Transport Committee 28 (30); Total 1,620 (1,191) £'000". These are draft accounts and may change at audit. Thresholds are not adjusted for inflation, so more staff cross them each year as pay rises.

What it adds up to

Liverpool: net spending per resident by service, 2025-26, against the median for metropolitan borough councils

Service	Per resident	Median
Education	£1,154	£869
Adult social care	£608	£480
Children's social care	£385	£337
Housing (not council homes)	£121	£39
Public health	£114	£88
Environment and regulation	£90	£93
Parks, leisure, libraries and culture	£83	£49
Planning and development	£46	£28
Running the council	£40	£60
Roads and transport	£20	£29
Other services	£0.27	£0.52

- Liverpool spent **33.6**% of its gross service spending on its own staff in 2025-26 (median for metropolitan borough councils: 34.4%); the rest went on suppliers, contractors, grants, benefits and other running costs.
- Its published payments of £500 or more came to **£884.0m** between 2025-10 and 2026-09. These include capital and council housing spending, so they are not a share of the figures above.
- Payments we classify as consultancy and agency staff came to **8.2**% of its staff costs (median among the 3 other metropolitan borough councils whose £500 data is read: 9.9%). The two come from different sources and periods, so this is a guide to scale, not an exact share.

What this data does and doesn't show

- These are each body's own figures, as reported to government in its revenue outturn return. Net spending is after the fees, charges and grants a service brings in.
- Your bill is for 2026-27; it is shared out using the latest published return, which covers an earlier year. The mix of spending changes little from one year to the next, but it does change.
- Council tax is not ring-fenced: this shows your bill in proportion to spending, not what your money bought. Where a precept is set aside for adult social care, it is shown against adult social care.
- No council publishes spending at street or property level, so nothing here says what was spent near you.
- Sub-service lines are the ones the national returns itemise. Councils describe their own budgets differently; their budget books and statements of accounts have more detail.

What can Liverpool spend a surplus on?

On-street parking charges and all council parking penalty charges (England and Wales)

Ring-fenced by law a ring-fenced parking account. A surplus may only be spent on parking, public transport, highway and environmental improvements and similar purposes; a deficit is made good from the general fund.

Road Traffic Regulation Act 1984, s55, as applied in England by SI 2022/71, regs 25 and 27

Council car park (off-street) tariffs

Kept by the body that collects it the council's general fund. Section 55 covers on-street parking and enforcement income, not car park fees. Not verified

Road Traffic Regulation Act 1984, s55(1), and DfT statutory guidance on civil parking enforcement

Spending by the council's own service areas

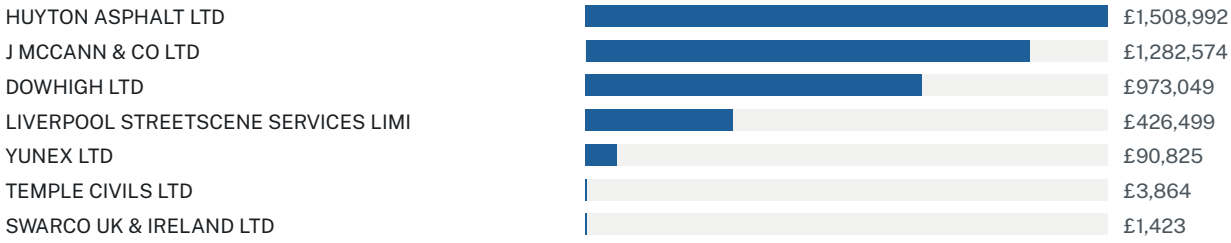

Liverpool: payments by service area, as the council labels them

Who is paid for grounds, street cleaning, roads and bins?

The suppliers paid most for each kind of work, where the council's own labels say what the payment was for (our matching). A council that does the work with its own staff pays mostly wages, which are not in this data, so a short list here can mean the work is done in-house.

Road and bridge maintenance: largest suppliers

Consultancy and agency against the pay bill

Payments we classify as consultancy and agency staff came to **8.2%** of Liverpool's own staff costs in its 2025-26 revenue return, against a median of 9.9% for the other metropolitan borough councils read so far. The payments and the staff costs come from different sources and periods, so this is a guide to scale.

What this data does and doesn't show

- It is the council's own record of payments of £500 or more. It leaves out salaries, most staff costs and many internal costs, so it is not the council's whole spending.
- Descriptions are the council's own and vary in quality; some are codes, some are blank, and some supplier names are withheld to protect individuals.
- A large payment to one supplier is often a routine instalment on a long contract that was tendered openly.
- The categories and the matching to services are this site's classification from keywords, not the council's. The rules are on the methodology page.

What this data does and doesn't show

- Every figure is as Liverpool printed it, in accounts that have not yet been audited. Counts in the £100,000 figure are our sum of the council's bands.
- Comparisons are with the other metropolitan borough councils read so far; no national figure is published for England.
- Published 2025/26 list (85 councillors) prints no totals; figures are our sums of its columns: Travel 281.29, Basic 1,152,937.93, Special Responsibility 393,924.56, Licensing Allowance (£100 per meeting) 19,300.00, Carers 0, Child Care 0. 'expenses' is Travel plus Carers plus Child Care; 'total' includes the Licensing Allowance. These sums differ from the accounts note (Basic £1,180k, SRA £405k), which the council does not reconcile. A separate list covers the Transport Committee. Basic rate is the full-year Basic figure (13,932.00) shown for councillors in the 2025/26 list; the scheme document itself was not checked.
