Audit of the accounts: Manchester

Accounts year	Status recorded by PSAA	Opinion signed
2025-26	Unsigned	Not yet
2024-25	Delivered by backstop	27 February 2026

"Delivered by backstop" means the auditor gave an opinion by the statutory backstop date. Many opinions given that way were disclaimed or qualified because the deadline cut the audit short; PSAA publishes which type of opinion each council received only as national totals, so it is not shown here. Auditors' value-for-money findings are in each auditor's annual report on the council's website.

Counts used are each table's 'Total' column (staff who have and have not received severance or other related payments). The note says the disclosure is 'excluding the remuneration details of the Council's senior employees, which are disclosed separately' and that 'figures have been aggregated or suppressed where necessary to prevent the potential identification of individuals'. The accounts describe the allowances figure as "". These are draft accounts and may change at audit. Thresholds are not adjusted for inflation, so more staff cross them each year as pay rises.

Manchester: net spending per resident by service, 2025-26, against the median for metropolitan borough councils

Service	Per resident	Median

Parks, leisure, libraries and culture	£56	£49
Planning and development	£48	£28
Roads and transport	£-0.43	£29

- Manchester spent **36.5%** of its gross service spending on its own staff in 2025-26 (median for metropolitan borough councils: 33.6%); the rest went on suppliers, contractors, grants, benefits and other running costs.

What this data does and doesn't show

- These are each body's own figures, as reported to government in its revenue outturn return. Net spending is after the fees, charges and grants a service brings in.
- Your bill is for 2026-27; it is shared out using the latest published return, which covers an earlier year. The mix of spending changes little from one year to the next, but it does change.
- Council tax is not ring-fenced: this shows your bill in proportion to spending, not what your money bought. Where a precept is set aside for adult social care, it is shown against adult social care.
- No council publishes spending at street or property level, so nothing here says what was spent near you.
- Sub-service lines are the ones the national returns itemise. Councils describe their own budgets differently; their budget books and statements of accounts have more detail.

What can Manchester spend a surplus on?

On-street parking charges and all council parking penalty charges (England and Wales)

Ring-fenced by law a ring-fenced parking account. A surplus may only be spent on parking, public transport, highway and environmental improvements and similar purposes; a deficit is made good from the general fund.

Road Traffic Regulation Act 1984, s55, as applied in England by SI 2022/71, regs 25 and 27

Council car park (off-street) tariffs

Kept by the body that collects it the council's general fund. Section 55 covers on-street parking and enforcement income, not car park fees. Not verified

Road Traffic Regulation Act 1984, s55(1), and DfT statutory guidance on civil parking enforcement

What this data does and doesn't show

- Every figure is as Manchester printed it, in accounts that have not yet been audited. Counts in the £100,000 figure are our sum of the council's bands.
- Comparisons are with the other metropolitan borough councils read so far; no national figure is published for England.
- Accounts treated as draft: no auditor's report found in the document. No members' allowances total was found in the accounts by text search (related parties note only states there were no material transactions with Members). The published 2025/26 notice lists each councillor without a column total; basic, SRA, expenses and total are our sums of the per-councillor columns (row totals reconcile). Basic rate shown is the full-year Basic Allowance paid to most councillors in the 2025/26 notice; the allowances scheme PDF (democracy.manchester.gov.uk s56513) was not publicly retrievable. Manchester website blocks automated downloads; the accounts were read in a browser.
