Accounts year	Status recorded by PSAA	Opinion signed
2024-25	Delivered by backstop	24 February 2026
2023-24	Delivered by backstop	27 February 2025

“Delivered by backstop” means the auditor gave an opinion by the statutory backstop date. Many opinions given that way were disclaimed or qualified because the deadline cut the audit short; PSAA publishes which type of opinion each council received only as national totals, so it is not shown here. Auditors’ value-for-money findings are in each auditor’s annual report on the council’s website.

What are senior staff and councillors paid?

Pay and allowances: North Yorkshire, from the statement of accounts

Employees paid £50,000 or more	1,286	957
Councillors’ allowances	£2,090,000	£2,073,000

The count is up 329 on the year before. ‘The number of employees who receive remuneration of over £50k ... these figures include (i) teachers employed directly by a school’s governing body rather than by the local authority (ii) the senior employees as identified at the end of this note’. Teachers, Other and Total columns; counts are Total (1,286 in 2025/26; 957 in 2024/25). Runs of all-zero bands collapsed here. The accounts describe the allowances figure as “The total amount of members allowances including travel and other expenses paid during the year was £2,090k (£2,073k in 24/25).”. These are draft accounts and may change at audit. Thresholds are not adjusted for inflation, so more staff cross them each year as pay rises.

Planning and development	£28	£21

- North Yorkshire spent **40.7%** of its gross service spending on its own staff in 2025-26 (median for unitary councils in England: 31.1%); the rest went on suppliers, contractors, grants, benefits and other running costs.
- Its published payments of £500 or more came to **£522.3m** between 2025-07 and 2026-06. These include capital and council housing spending, so they are not a share of the figures above.
- Payments we classify as consultancy and agency staff came to **1.4%** of its staff costs (median among the 6 other unitary councils in England whose £500 data is read: 7.4%). The two come from different sources and periods, so this is a guide to scale, not an exact share.

What this data does and doesn't show

- These are each body's own figures, as reported to government in its revenue outturn return. Net spending is after the fees, charges and grants a service brings in.
- Your bill is for 2026-27; it is shared out using the latest published return, which covers an earlier year. The mix of spending changes little from one year to the next, but it does change.
- Council tax is not ring-fenced: this shows your bill in proportion to spending, not what your money bought. Where a precept is set aside for adult social care, it is shown against adult social care.
- No council publishes spending at street or property level, so nothing here says what was spent near you.
- Sub-service lines are the ones the national returns itemise. Councils describe their own budgets differently; their budget books and statements of accounts have more detail.

Common questions

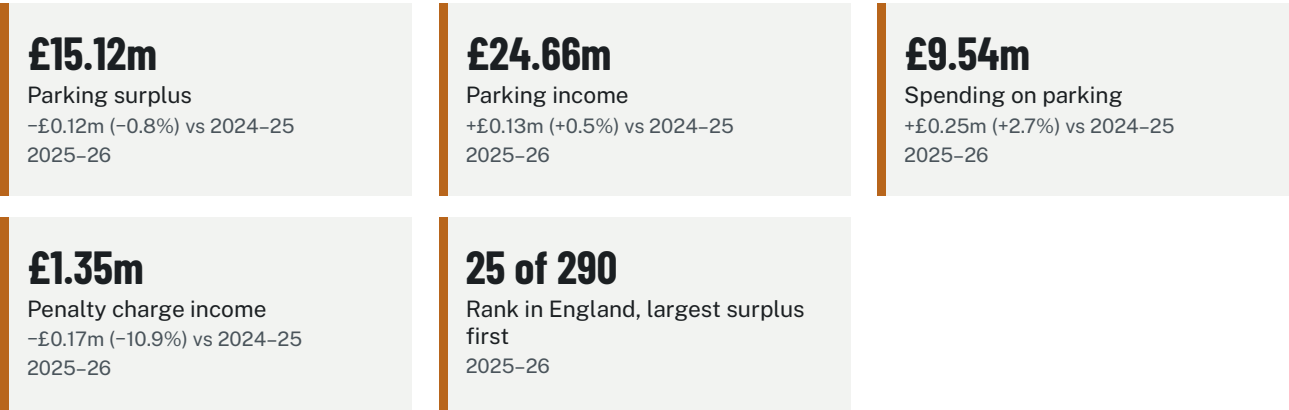

- **What does council tax pay for in North Yorkshire?** A Band D bill of £2,544.34 is split between North Yorkshire, North Yorkshire: adult social care precept, this year's increase, North Yorkshire Police and Crime Commissioner and Chief Constable, York and North Yorkshire Combined Authority, Parish and town councils (average for the area). In proportion to spending, the largest line is adult social care, £839.32.
- **Is council tax ring-fenced for particular services?** No. Council tax is pooled with grants, business rates and fees. The adult social care precept is the exception: councils raise it for adult social care.

What can North Yorkshire spend a surplus on?

On-street parking charges and all council parking penalty charges (England and Wales)

Ring-fenced by law a ring-fenced parking account. A surplus may only be spent on parking, public transport, highway and environmental improvements and similar purposes; a deficit is made good from the general fund.

[Road Traffic Regulation Act 1984, s55, as applied in England by SI 2022/71, regs 25 and 27](#)

Council car park (off-street) tariffs

Kept by the body that collects it the council's general fund. Section 55 covers on-street parking and enforcement income, not car park fees. Not verified

What this data does and doesn't show

- It is the council's own record of payments of £500 or more. It leaves out salaries, most staff costs and many internal costs, so it is not the council's whole spending.
- Descriptions are the council's own and vary in quality; some are codes, some are blank, and some supplier names are withheld to protect individuals.
- A large payment to one supplier is often a routine instalment on a long contract that was tendered openly.

What this data does and doesn't show

- Every figure is as North Yorkshire printed it, in accounts that have not yet been audited. Counts in the £100,000 figure are our sum of the council's bands.
- Comparisons are with the other unitary councils in England read so far; no national figure is published for England.
- Published 2025/26 GRAND TOTAL row: Basic Allowance £1,551,361; Special Responsibility Allowance £440,275; Travel and subsistence expenses £70,694. The list prints no overall total; 'total' is our sum of the three. The council's allowances page states 'The basic allowance for all members of the council is £17,964' without giving the year.
