Audit of the accounts: Nottingham

Accounts year	Status recorded by PSAA	Opinion signed
2025-26	Unsigned	Not yet
2024-25	Post backstop opinion delivered	15 April 2026

"Delivered by backstop" means the auditor gave an opinion by the statutory backstop date. Many opinions given that way were disclaimed or qualified because the deadline cut the audit short; PSAA publishes which type of opinion each council received only as national totals, so it is not shown here. Auditors' value-for-money findings are in each auditor's annual report on the council's website.

The count is up 174 on the year before. 'A total of 851 employees (excluding senior employees) received remuneration of more than £0.050m, of which 196 are employed directly by schools. The figures do not include staff employed by academy schools'. Grand total 851 (2025/26) and 677 (2024/25). Dashes recorded as 0. The accounts describe the allowances figure as "Councillors' Allowances: Allowances 1.240 (2024/25 1.171); Expenses 0.002 (-); TOTAL 1.242 (1.171) £m". These are draft accounts and may change at audit. Thresholds are not adjusted for inflation, so more staff cross them each year as pay rises.

- Nottingham City spent **35.2%** of its gross service spending on its own staff in 2025-26 (median for unitary councils in England: 31.1%); the rest went on suppliers, contractors, grants, benefits and other running costs.
- Its published payments of £500 or more came to **£598.5m** between 2025-11 and 2026-10. These include capital and council housing spending, so they are not a share of the figures above.
- Payments we classify as consultancy and agency staff came to **10.2%** of its staff costs (median among the 6 other unitary councils in England whose £500 data is read: 5.7%). The two come from different sources and periods, so this is a guide to scale, not an exact share.

What this data does and doesn't show

- These are each body's own figures, as reported to government in its revenue outturn return. Net spending is after the fees, charges and grants a service brings in.
- Your bill is for 2026-27; it is shared out using the latest published return, which covers an earlier year. The mix of spending changes little from one year to the next, but it does change.
- Council tax is not ring-fenced: this shows your bill in proportion to spending, not what your money bought. Where a precept is set aside for adult social care, it is shown against adult social care.
- No council publishes spending at street or property level, so nothing here says what was spent near you.
- Sub-service lines are the ones the national returns itemise. Councils describe their own budgets differently; their budget books and statements of accounts have more detail.

Common questions

- **What does council tax pay for in Nottingham?** A Band D bill of £2,755.39 is split between Nottingham, Nottingham: adult social care precept, this year's increase, Nottinghamshire Police and Crime Commissioner and Chief Constable, Nottinghamshire Combined Fire and Rescue Authority. In proportion to spending, the largest line is adult social care, £744.60.
- **Is council tax ring-fenced for particular services?** No. Council tax is pooled with grants, business rates and fees. The adult social care precept is the exception: councils raise it for adult social care.

Road Traffic Regulation Act 1984, s55, as applied in England by SI 2022/71, regs 25 and 27

Council car park (off-street) tariffs

Kept by the body that collects it the council's general fund. Section 55 covers on-street parking and enforcement income, not car park fees. Not verified

Nottingham: payments by service area, as the council labels them

Who is paid for grounds, street cleaning, roads and bins?

The suppliers paid most for each kind of work, where the council's own labels say what the payment was for (our matching). A council that does the work with its own staff pays mostly wages, which are not in this data, so a short list here can mean the work is done in-house.

What this data does and doesn't show

- It is the council's own record of payments of £500 or more. It leaves out salaries, most staff costs and many internal costs, so it is not the council's whole spending.
- Descriptions are the council's own and vary in quality; some are codes, some are blank, and some supplier names are withheld to protect individuals.
- A large payment to one supplier is often a routine instalment on a long contract that was tendered openly.
