Your police precept

What have the auditors said?

Audit of the accounts: Plymouth

Accounts year	Status recorded by PSAA	Opinion signed
2025-26	Unsigned	Not yet
2024-25	Delivered by backstop	23 February 2026

"Delivered by backstop" means the auditor gave an opinion by the statutory backstop date. Many opinions given that way were disclaimed or qualified because the deadline cut the audit short; PSAA publishes which type of opinion each council received only as national totals, so it is not shown here. Auditors' value-for-money findings are in each auditor's annual report on the council's website.

What are senior staff and councillors paid?

Pay and allowances: Plymouth, from the statement of accounts

Employees paid £50,000 or more	420	301
Councillors' allowances	£1,226,000	£1,189,000

The count is up 119 on the year before. Note 26.2: 'the number of employees whose remuneration for the year (excluding employer pension contributions) was £50,000 or more. The following numbers do not include the senior management as disclosed in note 26.1.' Schools and Non-schools columns, no combined column; totals Schools 132 / Non-schools 288 (2025/26) and 100 / 201 (2024/25). The accounts describe the allowances figure as "Allowances paid to Members of the Council in 2025/26 totalled £1.226m (2024/25: £1.189m). These figures include Members' allowances and expenses.". These are draft accounts and may change at audit. Thresholds are not adjusted for inflation, so more staff cross them each year as pay rises.

What it adds up to

Plymouth: net spending per resident by service, 2025-26, against the median for unitary councils in England

Service	Per resident	Median
Education	£645	£718
Adult social care	£481	£480
Children's social care	£370	£300
Environment and regulation	£92	£111
Public health	£84	£64
Running the council	£70	£51
Parks, leisure, libraries and culture	£68	£38
Housing (not council homes)	£54	£33
Roads and transport	£46	£49
Planning and development	£-11.03	£22

- Plymouth spent **21.0%** of its gross service spending on its own staff in 2025-26 (median for unitary councils in England: 31.4%); the rest went on suppliers, contractors, grants, benefits and other running costs.
- Its published payments of £500 or more came to **£593.0m** between 2025-11 and 2026-10. These include capital and council housing spending, so they are not a share of the figures above.
- Payments we classify as consultancy and agency staff came to **6.5%** of its staff costs (median among the 6 other unitary councils in England whose £500 data is read: 7.5%). The two come from different sources and periods, so this is a guide to scale, not an exact share.

What this data does and doesn't show

- These are each body's own figures, as reported to government in its revenue outturn return. Net spending is after the fees, charges and grants a service brings in.
- Your bill is for 2026-27; it is shared out using the latest published return, which covers an earlier year. The mix of spending changes little from one year to the next, but it does change.
- Council tax is not ring-fenced: this shows your bill in proportion to spending, not what your money bought. Where a precept is set aside for adult social care, it is shown against adult social care.
- No council publishes spending at street or property level, so nothing here says what was spent near you.
- Sub-service lines are the ones the national returns itemise. Councils describe their own budgets differently; their budget books and statements of accounts have more detail.

Common questions

- **What does council tax pay for in Plymouth?** A Band D bill of £2,441.85 is split between Plymouth, Plymouth: adult social care precept, this year's increase, Devon and Cornwall Police and Crime Commissioner and Chief Constable, Devon and Somerset Combined Fire and Rescue Authority. In proportion to spending, the largest line is adult social care, £658.68.
- **Is council tax ring-fenced for particular services?** No. Council tax is pooled with grants, business rates and fees. The adult social care precept is the exception: councils raise it for adult social care.

What this data does and doesn't show

- It is the council's own record of payments of £500 or more. It leaves out salaries, most staff costs and many internal costs, so it is not the council's whole spending.
- Descriptions are the council's own and vary in quality; some are codes, some are blank, and some supplier names are withheld to protect individuals.
- A large payment to one supplier is often a routine instalment on a long contract that was tendered openly.
- The categories and the matching to services are this site's classification from keywords, not the council's. The rules are on the methodology page.
