'The above table is based on full time equivalent posts and does not represent the actual payments to employees. Officers employed by Voluntary Aided Schools have been excluded.' Joint Committee salaries are not included. 'The above table excludes specific Senior Officers, disclosed in the following table'. includesSchools is recorded true because only voluntary aided school staff are stated to be excluded. Thresholds are not adjusted for inflation, so more staff cross them each year as pay rises.

How much of the council's spending does this cover?

Council tax funds **21%** of this authority's budget. The rest comes from central government grant, business rates and fees. That is why a grant cut can raise your bill even when the council has not changed what it does, and why cutting council tax would not shrink services by the same proportion.

What this data does and doesn't show

- These are each body's own figures, as reported to government in its revenue outturn return. Net spending is after the fees, charges and grants a service brings in.
- Your bill is for 2026-27; it is shared out using the latest published return, which covers an earlier year. The mix of spending changes little from one year to the next, but it does change.
- Council tax is not ring-fenced: this shows your bill in proportion to spending, not what your money bought. Where a precept is set aside for adult social care, it is shown against adult social care.
- No council publishes spending at street or property level, so nothing here says what was spent near you.
- Sub-service lines are the ones the national returns itemise. Councils describe their own budgets differently; their budget books and statements of accounts have more detail.

What this data does and doesn't show

- Every figure is as Rhondda Cynon Taf printed it. Counts in the £100,000 figure are our sum of the council's bands.
- Comparisons are with the other Welsh councils read so far; no national figure is published for England.
- The council's statement of accounts page lists a 2025/26 audit notice stating the Responsible Financial Officer certified the 2025/26 accounts on 30 June 2026, but the 2025/26 statement itself was not found on the website at the time of checking, so the 2024/25 statement is used (Auditor General for Wales opinion: true and fair). Basic rate is the national Welsh basic salary for 2025-26. The council's annual publication of payments to each member was not retrieved.
