## What have the auditors said?

### Audit of the accounts: Solihull

| Accounts year | Status recorded by PSAA | Opinion signed   |
|---------------|-------------------------|------------------|
| 2024-25       | Delivered by backstop   | 21 November 2025 |
| 2023-24       | Delivered by backstop   | 18 December 2024 |

“Delivered by backstop” means the auditor gave an opinion by the statutory backstop date. Many opinions given that way were disclaimed or qualified because the deadline cut the audit short; PSAA publishes which type of opinion each council received only as national totals, so it is not shown here. Auditors’ value-for-money findings are in each auditor’s annual report on the council’s website.

Inspections happen at different times, so a rating can be several years old; the date is shown with each. Planning figures are measured differently in each nation: share of decisions made within the statutory time (13 weeks for major, 8 for non-major) or an agreed extension, over 24 months. Recycling rates are measured differently in England, Scotland and Wales, so compare within a nation.

### What this data does and doesn't show

- These are each body's own figures, as reported to government in its revenue outturn return. Net spending is after the fees, charges and grants a service brings in.
- Your bill is for 2026-27; it is shared out using the latest published return, which covers an earlier year. The mix of spending changes little from one year to the next, but it does change.
- Council tax is not ring-fenced: this shows your bill in proportion to spending, not what your money bought. Where a precept is set aside for adult social care, it is shown against adult social care.
- No council publishes spending at street or property level, so nothing here says what was spent near you.
- Sub-service lines are the ones the national returns itemise. Councils describe their own budgets differently; their budget books and statements of accounts have more detail.

In proportion to spending, the largest line is adult social care, £664.39.

What can Solihull spend a surplus on?

On-street parking charges and all council parking penalty charges (England and Wales)

Ring-fenced by law a ring-fenced parking account. A surplus may only be spent on parking, public transport, highway and environmental improvements and similar purposes; a deficit is made good from the general fund.

[Road Traffic Regulation Act 1984, s55, as applied in England by SI 2022/71, regs 25 and 27](#)

Council car park (off-street) tariffs

Kept by the body that collects it the council's general fund. Section 55 covers on-street parking and enforcement income, not car park fees. Not verified
