Thresholds are not adjusted for inflation, so more staff cross them each year as pay rises.

How much of the council's spending does this cover?

Council tax funds **26**% of this authority's budget. The rest comes from central government grant, business rates and fees. That is why a grant cut can raise your bill even when the council has not changed what it does, and why cutting council tax would not shrink services by the same proportion.

What this data does and doesn't show

- These are each body's own figures, as reported to government in its revenue outturn return. Net spending is after the fees, charges and grants a service brings in.
- Your bill is for 2026-27; it is shared out using the latest published return, which covers an earlier year. The mix of spending changes little from one year to the next, but it does change.
- Council tax is not ring-fenced: this shows your bill in proportion to spending, not what your money bought. Where a precept is set aside for adult social care, it is shown against adult social care.
- No council publishes spending at street or property level, so nothing here says what was spent near you.
- Sub-service lines are the ones the national returns itemise. Councils describe their own budgets differently; their budget books and statements of accounts have more detail.

Kept by the body that collects it the council's general fund. Section 55 covers on-street parking and enforcement income, not car park fees. Not verified

What this data does and doesn't show

- Every figure is as Swansea printed it. Counts in the £100,000 figure are our sum of the council's bands.
- Comparisons are with the other Welsh councils read so far; no national figure is published for England.
- No 2025/26 statement of accounts was listed on the council's statement of accounts page at the time of checking; the 2024/25 statement (with a Notice of Certification of Completion of the 2024-25 audit) is used. Basic rate is the national Welsh basic salary for 2025-26. An annual allowances-paid publication for Swansea was not located in the time available (the 'Annual Schedule of Member Remuneration' is the rates schedule). Swansea's website blocks automated downloads; the accounts were read in a browser.
