Earmarked and unallocated revenue reserves at the end of the year, excluding schools and public health, as a share of net revenue expenditure. Borrowing is total outstanding loans of every kind; councils borrow mainly to pay for buildings, roads and housing, and the figure does not show what the borrowing was for.

What have the auditors said?

Audit of the accounts: Wiltshire

Accounts year	Status recorded by PSAA	Opinion signed
2025-26	Unsigned	Not yet
2024-25	Delivered by backstop	20 February 2026

"Delivered by backstop" means the auditor gave an opinion by the statutory backstop date. Many opinions given that way were disclaimed or qualified because the deadline cut the audit short; PSAA publishes which type of opinion each council received only as national totals, so it is not shown here. Auditors' value-for-money findings are in each auditor's annual report on the council's website.

What are senior staff and councillors paid?

Pay and allowances: Wiltshire, from the statement of accounts

Measure	2025-26	2024-25
Employees paid £50,000 or more	878	737
Councillors' allowances	£2,487,000	£2,419,000

The count is up 141 on the year before. 'The number of other employees receiving more than £50,000 remuneration for the year, excluding pension contributions … This table also includes the senior officers identified in the notes above.' Totals 878 (2025-26) and 737 (2024-25). The note does not say whether school staff are included. The accounts describe the allowances figure as "Allowances payable to Members 2,453 (2024-25 2,383); Expenses payable to Members 34 (36); Total 2,487 (2,419) £000". These are draft accounts and may change at audit. Thresholds are not adjusted for inflation, so more staff cross them each year as pay rises.

How much of the council's spending does this cover?

Council tax paid for **31.4%** of the money Wiltshire had to spend in 2025-26. The rest came from government grants (45.2%), business rates (2.3%) and fees, charges and other income (19.7%), with 1.5% taken from reserves. What it adds up to

Wiltshire: net spending per resident by service, 2025-26, against the median for unitary councils in England

Service	Per resident	Median
Education	£713	£717
Adult social care	£444	£483
Children's social care	£192	£309
Environment and regulation	£107	£111
Roads and transport	£63	£49
Public health	£45	£65
Parks, leisure, libraries and culture	£43	£38
Housing (not council homes)	£33	£34
Planning and development	£19	£22
Running the council	£18	£52

- Wiltshire spent **31.7%** of its gross service spending on its own staff in 2025-26 (median for unitary councils in England: 31.1%); the rest went on suppliers, contractors, grants, benefits and other running costs.
- Its published payments of £500 or more came to **£828.9m** between 2025-09 and 2026-08. These include capital and council housing spending, so they are not a share of the figures above.
- Payments we classify as consultancy and agency staff came to **11.7%** of its staff costs (median among the 6 other unitary councils in England whose £500 data is read: 5.7%). The two come from different sources and periods, so this is a guide to scale, not an exact share.

What this data does and doesn't show

- These are each body's own figures, as reported to government in its revenue outturn return. Net spending is after the fees, charges and grants a service brings in.
- Your bill is for 2026-27; it is shared out using the latest published return, which covers an earlier year. The mix of spending changes little from one year to the next, but it does change.
- Council tax is not ring-fenced: this shows your bill in proportion to spending, not what your money bought. Where a precept is set aside for adult social care, it is shown against adult social care.
- No council publishes spending at street or property level, so nothing here says what was spent near you.
- Sub-service lines are the ones the national returns itemise. Councils describe their own budgets differently; their budget books and statements of accounts have more detail.

Common questions

- **What does council tax pay for in Wiltshire?** A Band D bill of £2,571.78 is split between Wiltshire, Wiltshire: adult social care precept, this year's increase, Wiltshire Police and Crime Commissioner and Chief Constable, Dorset and Wiltshire Fire and Rescue Authority, Parish and town councils (average for the area). In proportion to spending, the largest line is adult social care, £746.21.
- **Is council tax ring-fenced for particular services?** No. Council tax is pooled with grants, business rates and fees. The adult social care precept is the exception: councils raise it for adult social care.

What can Wiltshire UA spend a surplus on?

On-street parking charges and all council parking penalty charges (England and Wales)

Ring-fenced by law a ring-fenced parking account. A surplus may only be spent on parking, public transport, highway and environmental improvements and similar purposes; a deficit is made good from the general fund.

Road Traffic Regulation Act 1984, s55, as applied in England by SI 2022/71, regs 25 and 27

Council car park (off-street) tariffs

Kept by the body that collects it the council's general fund. Section 55 covers on-street parking and enforcement income, not car park fees. Not verified

Road Traffic Regulation Act 1984, s55(1), and DfT statutory guidance on civil parking enforcement

Gaps and problems in the data, as published:

- The council publishes payments over £250; those under £500 are left out here so councils compare on the same footing.
- 3.4% of payments (£8,528,496) have the supplier name withheld or redacted by the council, usually because the payee is an individual.
- The index page blocks automated requests, so the file list is kept by hand and goes out of date.
- Could not be refreshed on 2026-11-13 (None of its files could be read: HTTP 403 Forbidden.); these are the figures from the last successful read.

Wiltshire: payments by service area, as the council labels them

Who is paid for grounds, street cleaning, roads and bins?

The suppliers paid most for each kind of work, where the council's own labels say what the payment was for (our matching). A council that does the work with its own staff pays mostly wages, which are not in this data, so a short list here can mean the work is done in-house.

Consultancy and agency against the pay bill

Payments we classify as consultancy and agency staff came to **11.7%** of Wiltshire's own staff costs in its 2025-26 revenue return, against a median of 5.7% for the other unitary councils in England read so far. The payments and the staff costs come from different sources and periods, so this is a guide to scale.

What this data does and doesn't show

- It is the council's own record of payments of £500 or more. It leaves out salaries, most staff costs and many internal costs, so it is not the council's whole spending.
- Descriptions are the council's own and vary in quality; some are codes, some are blank, and some supplier names are withheld to protect individuals.
- A large payment to one supplier is often a routine instalment on a long contract that was tendered openly.
- The categories and the matching to services are this site's classification from keywords, not the council's. The rules are on the methodology page.
