Over time, in real terms

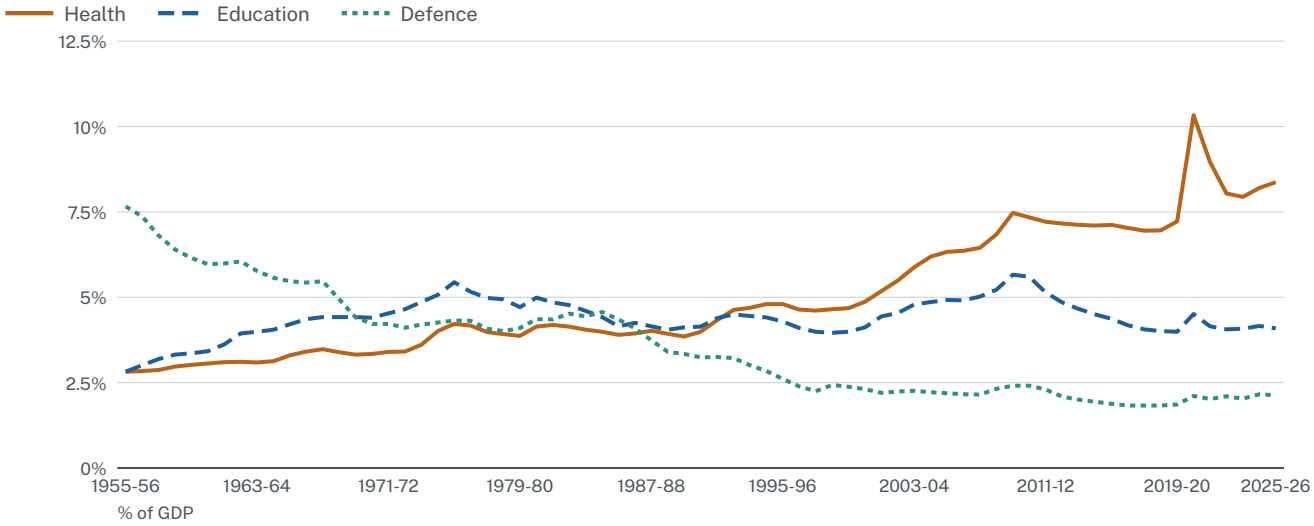

Public spending by function, 2025-26 prices, £ billion

Stacked bar chart of UK public spending on services by function from 1988-89 to 2025-26, in 2025-26 prices. The largest in 2025-26 is social protection, including the state pension at £407.3bn.

The longest run: health, education and defence since 1955

Health, education and defence as a share of GDP, since 1955-56

Line chart of UK spending on health, education and defence as a share of GDP from 1955-56 to 2025-26. Defence fell from 7.7% to 2.1%; health rose from 2.8% to 8.4%.

Per resident, by nation

Spending that can be identified as for the people of one nation, divided by that nation's population, so the nations compare like for like. It leaves out spending for the UK as a whole (defence, debt interest, most overseas spending), so it does not add up to the UK total and is never mixed with it.

Identifiable spending per resident by nation, 2024-25

Function	England	Scotland	Wales	Northern Ireland
Health	£3,463	£3,542	£3,768	£3,659
Education	£1,723	£2,130	£1,855	£2,111
Public order and safety	£653	£708	£690	£831
Social protection	£5,323	£6,127	£6,489	£6,627
Economic affairs	£1,191	£1,639	£1,175	£1,438
Housing and community amenities	£277	£543	£453	£667

Source: HM Treasury, Country and regional analysis 2025: B tables, published 19 November 2025; Office for National Statistics, Population estimates (UK and nations time series; local authorities on Nomis).

What these figures do and don't show

- **Functions, not departments.** Spending is grouped by what it is for (the UN's COFOG classification), whoever spends it, so it does not follow machinery-of-government changes between departments.
- **Cash, real terms and per head are all shown.** Real terms use HM Treasury's GDP deflator in 2025-26 prices; per head uses ONS mid-year population.
- **The long run joins sources.** Before 1988-89 health, education and defence come from the OBR's historical database; the join is at matching figures and is marked.
- **Nations and the UK are different measures.** Nation figures are identifiable spending only and never add up to the UK figure.

Whole of government: all public spending by function, department, body and programme

Public services · Last updated 16 November 2026 · https://whereyourmoneygoes.co.uk/whole-of-government/

£1,360.1bn was spent on everything the public sector does (total managed expenditure) in the UK in 2025-26, **£19,574** per resident. That is +2.0% on a year earlier after inflation (+5.4% in cash). In 2025-26 prices it has gone from £531.9bn in 1988-89 to £1,360.1bn. Below the functions, HM Treasury's OSCAR database records **£1,182.3bn** of central government budgets in 2024-25 across 60 department groups; the largest is Department for Work and Pensions (£297.9bn).

£107.7bn
Total managed expenditure less OSCAR, 2024-25
of which debt interest £126.5bn
As of 16 July 2026

The short version

- **Functions come from PESA,** HM Treasury's count of all public spending; departments, bodies and programmes come from OSCAR, its budgeting database.
- **The two do not add up to each other.** OSCAR's £1,182.3bn leaves out debt interest and councils' own spending, and includes loans and provisions PESA does not count.
- **Blocks link to this site's page** for the function, department or body, where there is one.

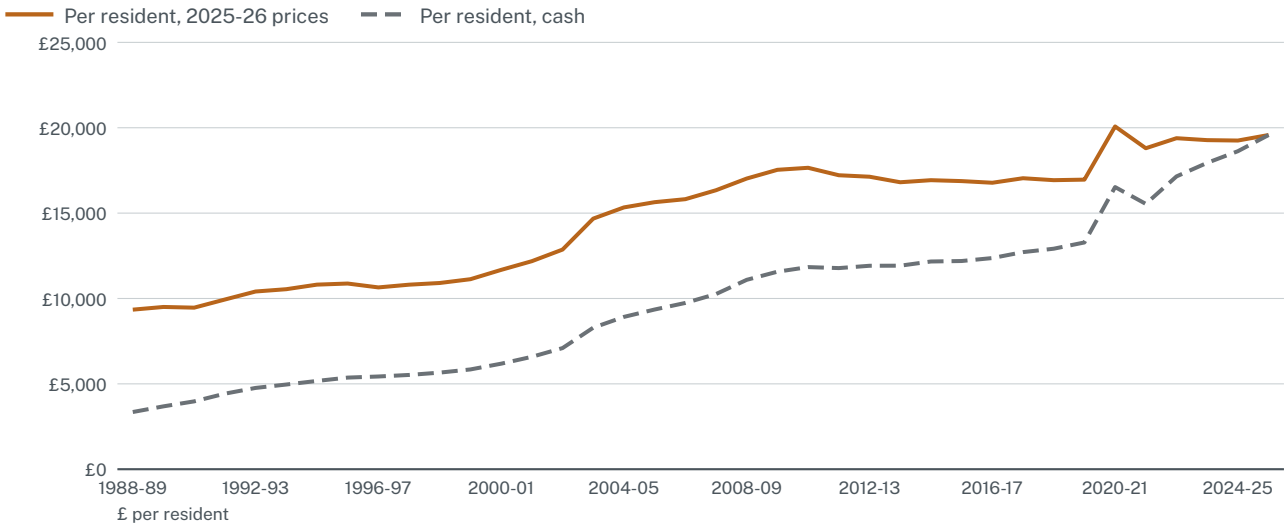

Over the longest run published: cash, real terms and per head

United Kingdom: spending in cash and in 2025-26 prices, £ billion

Line chart of United Kingdom spending from 1988-89 to 2025-26: £190.7bn to £1,360.1bn in cash; £531.9bn to £1,360.1bn in 2025-26 prices.

United Kingdom: spending per resident, 2025-26 prices

All central government spending in one picture

An interactive map or explorer appears here on the live page.

Blocks are sized by outturn, resource plus capital, del plus ame (control totals), £ million. Choose a function to see its departments, then a department to see its bodies. Search finds any department, body or programme, including those inside a body. Each level keeps its biggest items and adds the rest as one “other” block. This is £1,182.3bn in 2024-25, against total managed expenditure of £1,290.0bn: the next section shows why they differ.

Source: HM Treasury, OSCAR annual release: November 2025: outturn, 2020-21 to 2024-25, published 19 November 2025.

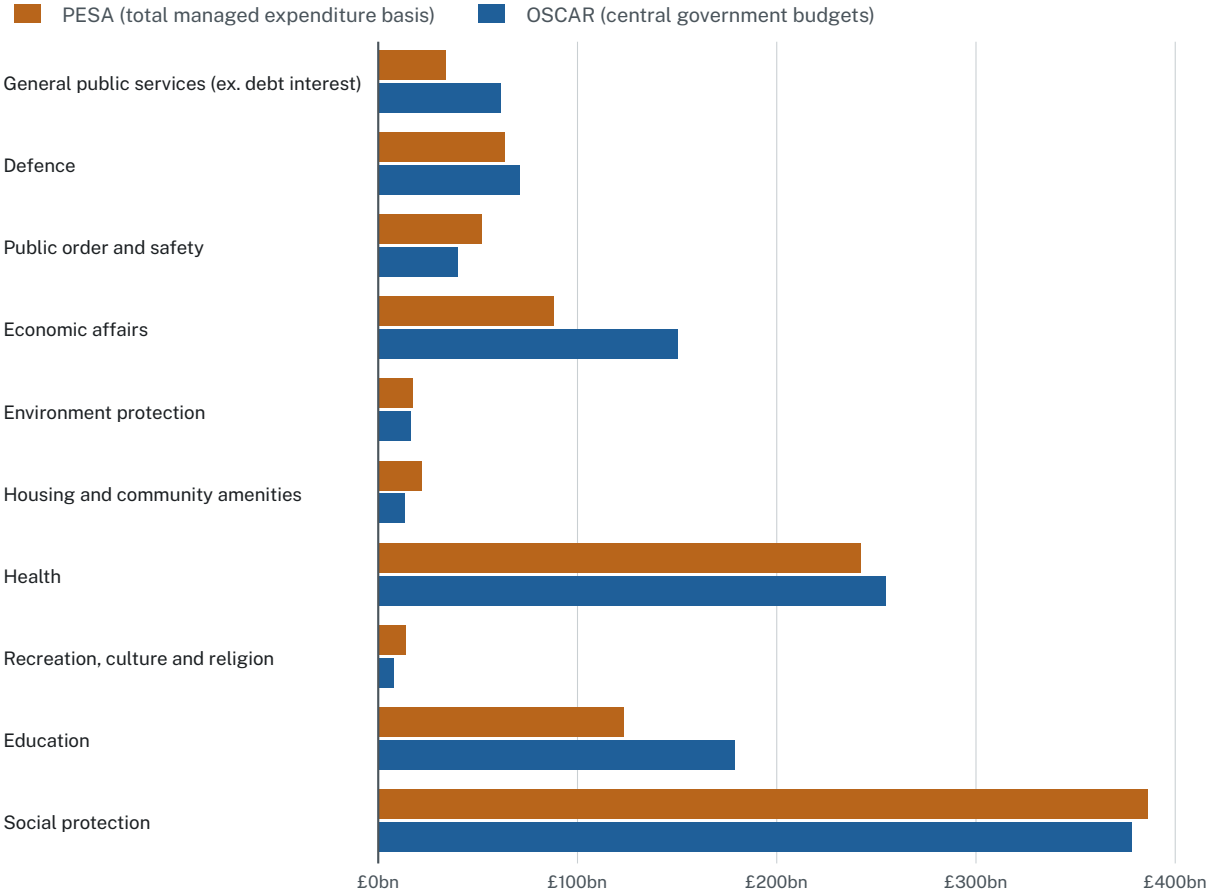

Why the treemap and total public spending differ

HM Treasury publishes two measures. Total managed expenditure (TME) in PESA is the whole public sector, central and local government and public corporations, on a national accounts basis. OSCAR is central government’s own budgeting database: what each department, arm’s-length body and devolved administration spent against its budgets. OSCAR has the detail below department; PESA has the whole picture.

From OSCAR's total to total managed expenditure, 2024-25

Step	Amount
Central government budgets recorded on OSCAR (DEL plus AME, resource plus capital)	£1,182.3bn
Debt interest (in PESA, not in OSCAR: paid from the National Loans Fund)	£126.5bn
Everything else: councils' and public corporations' own spending, less budget items the national accounts do not count as spending	−£18.8bn
Total managed expenditure (PESA)	£1,290.0bn

PESA and OSCAR by function, 2024-25, £ billion

Bar chart comparing HM Treasury's two measures of spending by function in 2024-25. General public services, excluding debt interest: PESA £33.7bn, OSCAR £61.5bn; Defence: PESA £63.7bn, OSCAR £71.0bn; Public order and safety: PESA £51.8bn, OSCAR £39.7bn; Economic affairs, including transport: PESA £88.0bn, OSCAR £150.4bn; Environment protection: PESA £17.3bn, OSCAR £16.2bn; Housing and community amenities: PESA £21.7bn, OSCAR £13.5bn; Health: PESA £242.4bn, OSCAR £254.5bn; Recreation, culture and religion: PESA £13.6bn, OSCAR £7.6bn; Education: PESA £123.0bn, OSCAR £178.7bn; Social protection, including the state pension: PESA £386.3bn, OSCAR £378.0bn.

Each function in PESA and in OSCAR, 2024-25, and why they differ

Function	PESA	OSCAR	PESA less OSCAR	Why
General public services, excluding debt interest	£33.7bn	£61.5bn	−£27.8bn	OSCAR records grants to local government here (the Scottish Government's general resource grant, Welsh local government funding), which PESA counts in the functions councils spend them on, and budget provisions such as the Infected Blood Compensation Authority's.
Defence	£63.7bn	£71.0bn	−£7.3bn	Budgets include non-cash items (depreciation, impairments and provisions) that PESA counts differently, and PESA adds defence spending by other bodies.
Public order and safety	£51.8bn	£39.7bn	£12.1bn	PESA adds police and fire spending that councils and police and crime commissioners pay for from council tax, which is not in OSCAR.
Economic affairs, including transport	£88.0bn	£150.4bn	−£62.4bn	OSCAR includes HM Treasury's "financial assistance to other institutions" (AME), a budget item PESA's national accounts measure does not count as spending on services, and HMRC's R&D tax credits paid out; PESA adds councils' own transport spending.
Environment protection	£17.3bn	£16.2bn	£1.1bn	PESA adds councils' own spending, mostly waste collection and disposal paid for from council tax.
Housing and community amenities	£21.7bn	£13.5bn	£8.2bn	PESA adds councils' own housing and community spending and public corporations.
Health	£242.4bn	£254.5bn	−£12.1bn	Budgets include non-cash items and provisions (clinical negligence) that PESA counts differently.
Recreation, culture and religion	£13.6bn	£7.6bn	£6.0bn	PESA adds councils' own spending on leisure, libraries and culture.
Education	£123.0bn	£178.7bn	−£55.7bn	OSCAR includes student loans paid out (AME capital), which are loans, not spending, in the national accounts; PESA counts only the part not expected to be repaid.
Social protection, including the state pension	£386.3bn	£378.0bn	£8.3bn	PESA adds councils' own spending on social care; OSCAR's pension scheme AME includes changes in pension liabilities that PESA does not count as spending.
Not assigned to a function in OSCAR	not published	£11.3bn	not published	Lines OSCAR records with no function, mostly business rates retained by councils in England, which PESA counts in the functions councils spend them on.

PESA's accounting adjustments (£123.5bn in 2024-25) are part of total managed expenditure but not of any function. The step "everything else" is worked out in the pipeline as total managed expenditure less OSCAR's total and debt interest.

Source: HM Treasury, PESA 2026: chapters 4 and 5 tables, published 16 July 2026; HM Treasury, OSCAR annual release: November 2025: outturn, 2020-21 to 2024-25, published 19 November 2025.

Which budgets the treemap counts

OSCAR by function and budget, 2024-25

Function	Day-to-day, set in advance (resource DEL)	Investment, set in advance (capital DEL)	Demand-led, day-to-day (resource AME)	Demand-led, investment (capital AME)	Total
General public services, excluding debt interest	£19.6bn	£5.6bn	£35.3bn	£1.0bn	£61.5 bn
Defence	£43.4bn	£21.1bn	£6.5bn	£4m	£71.0 bn
Public order and safety	£28.6bn	£3.5bn	£7.2bn	£328m	£39.7 bn
Economic affairs, including transport	£31.4bn	£34.5bn	£51.6bn	£32.8bn	£150. 4bn
Environment protection	£2.9bn	£7.0bn	£5.9bn	£366m	£16.2 bn
Housing and community amenities	£4.0bn	£8.1bn	−£172m	£1.5bn	£13.5 bn
Health	£216.3bn	£12.4bn	£24.1bn	£1.6bn	£254 .5bn
Recreation, culture and religion	£1.9bn	£561m	£4.6bn	£492m	£7.6b n
Education	£135.5bn	£9.3bn	£150m	£33.7bn	£178. 7bn
Social protection, including the state pension	£9.8bn	£772m	£367.1bn	£344m	£378 .0bn
Not assigned to a function in OSCAR	£12.7bn	£6.1bn	−£1.6bn	−£5.8bn	£11.3 bn

Departmental expenditure limits (DEL) are budgets fixed in spending reviews; annually managed expenditure (AME) is spending that follows demand, such as pensions and benefits, and is forecast rather than capped. Resource budgets include depreciation. “Non-budget” lines are left out, so money passed to the devolved administrations is counted once, where they spend it.

A department group is the department with its arm's-length bodies. Public service pension schemes and the devolved administrations are groups of their own. OSCAR restates past years to today's departments.

What these figures do and don't show

- **Two measures, shown apart.** The function totals are PESA's total managed expenditure; the departments, bodies and programmes are OSCAR's central government budgets. A "difference from PESA" line under each function carries the gap, so nothing is scaled to fit.
- **Central government only below the function.** OSCAR does not hold councils' own spending (council tax, business rates they keep), public corporations' own spending or debt interest.
- **Programmes are as departments report them.** OSCAR's lowest level is the sub-segment, which each department chooses; HM Treasury does not quality-assure it, so the detail differs between departments and years.
- **Cash, real terms and per head.** Cash is as published; real terms use HM Treasury's GDP deflator in the dataset's price base; per head divides by the UK's population. The treemap offers each as a view.
- **Machinery of government.** OSCAR restates every year it holds to today's departments, so earlier years show departments that did not yet exist under their current names.
- **Not by nation.** Devolved administrations appear as departments; spending per resident by nation is on the Where the £ goes page.

Figures from data/services/whole-government.json, generated 16 November 2026.

What it buys: spending and what is published alongside it

Public services · Last updated 16 November 2026 · https://whereyourmoneygoes.co.uk/what-public-money-buys/

Each service below shows its spending in real terms beside what is published about what it delivers: officers and recorded crime, incidents and response times, calls and waits, headcount. The two are shown together; how much of any change the money caused is not something these figures can show.

+1.2% in real terms
As of 16 July 2026

Police

Spending: **£31.6bn** in 2025-26 (Police, United Kingdom), £454 per resident; in 2025-26 prices it was £26.1bn in 2020-21 and £31.6bn in 2025-26.

Police: what is published alongside the money, England and Wales

Measure	Latest	Five periods earlier
Recorded crime per 1,000 residents	82.9 per 1,000 (2025-26)	77.1 per 1,000 (2020-21)
Officers per 100,000 residents	235 per 100,000 (2025-26)	228 per 100,000 (2020-21)
Charged or summonsed	9.3% (2025-26)	8.5% (2020-21)
999 calls answered within 10 seconds	88.8% (2026-08)	90.3% (2026-03)

Fire and rescue

Spending: **£4.2bn** in 2025-26 (Fire and rescue, United Kingdom), £59.96 per resident; in 2025-26 prices it was £3.8bn in 2020-21 and £4.2bn in 2025-26.

Fire and rescue: what is published alongside the money, England

Measure	Latest	Five periods earlier
Incidents per 1,000 residents	2.9 per 1,000 residents (2026-27)	10.2 per 1,000 residents (2021-22)
Average response time to primary fires	9.47 minutes (2026-27)	8.83 minutes (2021-22)
Staff, full-time equivalent	40,082 FTE (2024-25)	40,135 FTE (2019-20)
Fire stations	1,386 stations (2024-25)	1,394 stations (2019-20)

Ambulance

Spending: **£5.5bn** in 2024-25 (Ambulance services, United Kingdom), £78.80 per resident; in 2025-26 prices it was £5.4bn in 2023-24 and £5.6bn in 2024-25.

Ambulance: what is published alongside the money, England

Measure	Latest	Five periods earlier
Category 1 (life-threatening): average response	8.0 minutes (2026-10)	7.9 minutes (2026-05)
Category 2 (emergency, such as stroke or heart attack): average response	32.8 minutes (2026-10)	29.2 minutes (2026-05)
Handovers taking over an hour	8.8% (2026-10)	6.6% (2026-05)

NHS

Spending: **£257.5bn** in 2025-26 (Health, United Kingdom), £3,706 per resident; in 2025-26 prices it was £265.6bn in 2020-21 and £257.5bn in 2025-26.

NHS: what is published alongside the money, England

Measure	Latest	Five periods earlier
Waiting under 18 weeks (England)	65.9% (2026-09)	64.9% (2026-04)
Waiting list per 1,000 residents (England)	120.8 per 1,000 residents (2026-09)	121.1 per 1,000 residents (2026-04)
NHS staff, full-time equivalent (England)	1,370,051 FTE (2026-08)	1,379,670 FTE (2026-03)

Roads

Spending: **£14.2bn** in 2025-26 (United Kingdom), £205 per resident; in 2025-26 prices it was £14.5bn in 2020-21 and £14.2bn in 2025-26.

Roads: what is published alongside the money, England

Measure	Latest	Five periods earlier
Road maintenance spending per mile	£6,923 (2025-26)	£6,313 (2023-24)
A roads where maintenance should be considered	5% (2024-25)	4% (2019-20)
Roadworks on site in the month	216,375 works (2026-10)	199,270 works (2026-05)

Schools

Spending: **£125.7bn** in 2025-26 (United Kingdom), £1,809 per resident; in 2025-26 prices it was £116.0bn in 2020-21 and £125.7bn in 2025-26.

Schools: what is published alongside the money, England

Measure	Latest	Five periods earlier
Schools block funding per pupil	£6,771 (2026-27)	£5,221 (2021-22)
Pupils per teacher	17.9 pupils per teacher (2025/26)	18.0 pupils per teacher (2020/21)

Council spending

Spending: **£202.4bn** in 2024-25 (United Kingdom), £2,922 per resident; in 2025-26 prices it was £197.2bn in 2019-20 and £209.2bn in 2024-25.

Council spending: what is published alongside the money, England, all councils

Measure	Latest	Five periods earlier
Council spending per resident, excluding schools, police and fire	£1,173 (2025-26)	£905 (2020-21)
Share of income from council tax	20.8% (2025-26)	20.5% (2020-21)
Adult social care spending per resident	£466 (2025-26)	£332 (2020-21)

Social care

Spending: **£56.1bn** in 2025-26 (United Kingdom), £808 per resident; in 2025-26 prices it was £44.7bn in 2020-21 and £56.1bn in 2025-26.

Social care: what is published alongside the money, England

Measure	Latest	Five periods earlier
Adult social care spending per adult	£675 (2025-26)	£478 (2020-21)
Share of long-term care spending on care homes	46.2% (2025-26)	47.2% (2020-21)
Children's services spending per child	£1,197 (2024-25)	£794 (2019-20)
Children looked after per 10,000 children	67 per 10,000 children (2025)	69 per 10,000 children (2021)

Housing

Spending: **£22.5bn** in 2025-26 (United Kingdom), £324 per resident; in 2025-26 prices it was £16.6bn in 2020-21 and £22.5bn in 2025-26.

Housing: what is published alongside the money, England

Measure	Latest	Five periods earlier
Households in temporary accommodation per 1,000 households	5.5 per 1,000 households (2026-03)	4.0 per 1,000 households (2021-03)
Spending on temporary accommodation per resident	£23.27 (2025-26)	£16.17 (2023-24)
Affordable homes completed per 1,000 households	2.6 per 1,000 households (2024-25)	2.1 per 1,000 households (2020-21)
General Fund housing spending per resident	£59.13 (2025-26)	£45.44 (2023-24)

Waste and recycling

Spending: **£25.8bn** in 2025-26 (United Kingdom), £371 per resident; in 2025-26 prices it was £23.0bn in 2020-21 and £25.8bn in 2025-26.

Waste and recycling: what is published alongside the money, England

Measure	Latest	Five periods earlier
Household waste sent for reuse, recycling or composting	42.0% (2024-25)	43.8% (2019-20)
Spending on waste collection and recycling per household	£81 (2025-26)	—

Armed forces

Spending: **£65.4bn** in 2025-26 (Defence, United Kingdom), £941 per resident; in 2025-26 prices it was £54.2bn in 2020-21 and £65.4bn in 2025-26.

Armed forces: what is published alongside the money

Measure	Latest	Five periods earlier
UK regular forces	137,482 people (2026-07)	136,998 people (2025-04)
Core defence spending, NATO measure	2.56 % of GDP (2026e)	2.25 % of GDP (2021)

What these figures do and don't show

- **Side by side, not cause and effect.** A rise in spending and a change in an output in the same years does not show that one caused the other: demand, prices, population, policy and recording all change too.
- **Different areas.** Spending is for the UK or the nation named; outputs are for the group named in each table (England and Wales for police, England for fire response times). They are not mixed into one figure.
- **Outputs are what is published,** not everything a service does. Each service's page has the fuller picture and the breaks in each series.

Debt interest: what the public sector pays on its debt

Public finances · Last updated 16 November 2026 · https://whereyourmoneygoes.co.uk/debt-interest/

£130.3bn was spent on debt interest in Debt interest, United Kingdom in 2025-26, **£1,875** per resident. That is −0.3% on a year earlier after inflation (+3.0% in cash). In 2025-26 prices it has gone from £23.6bn in 1955-56 to £130.3bn.

As of 16 July 2026

The short version

- **One of the biggest items of spending,** after social protection, health and education.
- **It moves with inflation and interest rates:** index-linked gilts pay more when prices rise, and the Bank of England's quantitative easing passes on changes in its interest rate.
- **Not all of it is interest on borrowing:** HM Treasury counts the notional interest on public service pensions in the same heading, shown here as its own line.

Debt interest, United Kingdom

Public sector debt interest as HM Treasury counts it in PESA, which includes the notional interest on public service pension liabilities. Before 1988-89 the series is the OBR's historical figure.

£130.3bn in 2025-26 (cash); £130.3bn in 2025-26 prices; £1,875 per resident; +3.0% on a year earlier in cash, −0.3% in real terms.

Debt interest, United Kingdom: by department or service body, 2025-26

Department or service body	Cash, 2025-26	Real terms (2025-26 prices)	Per resident	Real change on a year earlier	Source	Below this
Central government debt interest	£96.9bn	£96.9bn	£1,395	+9.9%	HM Treasury	Local body not published: HM Treasury does not publish interest by gilt in PESA; the Debt Management Office publishes each gilt in issue and the OBR the split between conventional and index-linked interest in its forecasts.
Interest on public service pension liabilities	£19.4bn	£19.4bn	£279	+0.2%	HM Treasury	Local body not published: Not broken down further in PESA.
Bank of England	£12.3bn	£12.3bn	£178	−42.6%	HM Treasury	Local body not published: Not broken down further in PESA.
Local government debt interest	£1.1bn	£1.1bn	£16.29	−0.2%	HM Treasury	Local body not published: Not broken down further in PESA.
Public corporation debt interest	£502m	£502m	£7.22	+1.4%	HM Treasury	Local body not published: Not broken down further in PESA.

Cash is as published. Real terms are in 2025-26 prices, using HM Treasury's GDP deflator. Per resident divides by ONS mid-year population for the area the body serves. Changes compare the same body in consecutive years.

What these figures do and don't show

- **Gross, not net.** The main figures are interest paid; the OBR projection is net of interest received.
- **Pension interest is included.** HM Treasury's debt interest heading includes the notional interest on unfunded public service pensions; it is shown separately in the drill-down.
- **The long run joins sources.** Before 1988-89 the series is the OBR's historical database, on a cash basis before 1998-99.
- **Not split by nation,** because the debt is the UK's.

Figures from data/services/debt-interest.json, generated 16 November 2026.

Public sector pensions

Public services · Last updated 16 November 2026 · https://whereyourmoneygoes.co.uk/public-sector-pensions/

£60.7bn was spent on public service pensions (the unfunded schemes) in the UK in 2025-26, **£873** per resident. That is +0.1% on a year earlier after inflation (+3.4% in cash). In 2025-26 prices it has gone from £47.0bn in 2012-13 to £60.7bn. Employers paid in £47.6bn and members £15.0bn, so across the named schemes that year was a surplus of £2.5bn for the Exchequer.

£1,400.9bn
Owed by the unfunded schemes, 31 March 2025
47.4% of GDP
As of 18 June 2026

The short version

- **Paid out £60.7bn in 2025-26** to pensioners of the unfunded schemes; employers and members paid in £63.2bn.
- **Most of what comes in is public money:** employer contributions come from the budgets of hospitals, schools, departments and forces.
- **£1,400.9bn owed** in pensions already earned in the unfunded schemes at 31 March 2025, a valuation that swings with interest rates.
- **Council staff are different:** the Local Government Pension Scheme is funded, with £437.9bn invested in England and Wales at 31 March 2026.

Money out and money in

The NHS, teachers', civil service, armed forces, police and firefighters' schemes are unfunded: there is no pot of investments. Pensions are paid out of the contributions coming in from today's staff and their employers, and the Exchequer meets any gap. Most employers are public bodies, so most of what comes in is itself public money.

Unfunded public service pensions: paid out and paid in, cash, £ billion

Line chart from 2012-13 to 2025-26: the unfunded schemes paid out £32.7bn in 2012-13 and £60.7bn in 2025-26; employers paid in £16.2bn and £47.6bn; members £6.9bn and £15.0bn.

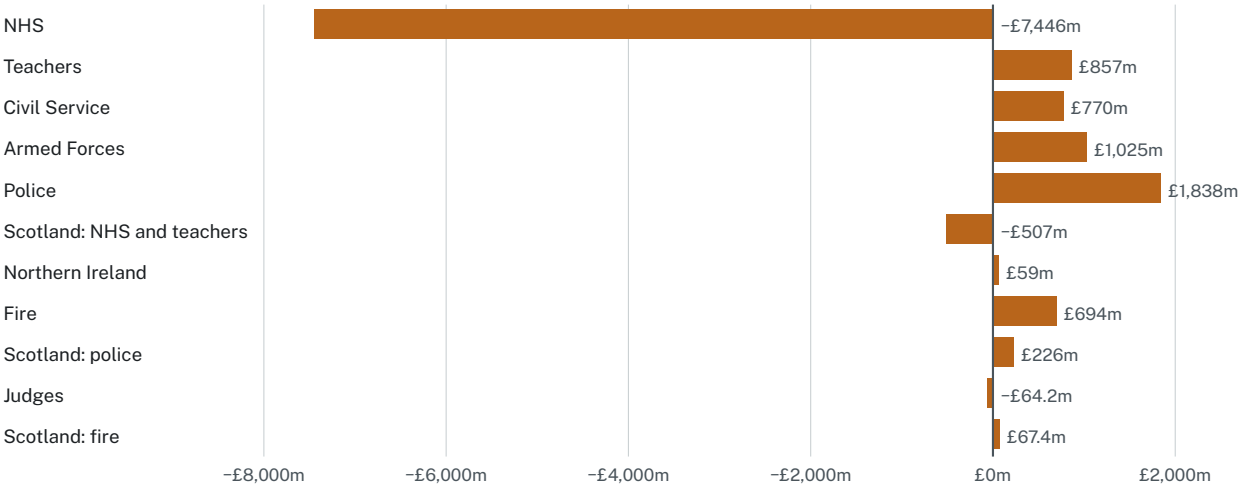

Unfunded public service pensions: money out and money in, cash

Year	Paid out	Employers paid in	Members paid in	Net cost to the Exchequer	Paid in as a share of paid out
2025-26	£60.7bn	£47.6bn	£15.0bn	−£2.5bn	104.1%
2024-25	£58.7bn	£45.0bn	£14.0bn	−£991m	101.7%

Scheme by scheme

Net cost to the Exchequer by scheme, 2025-26, £ million

Bar chart of each scheme's net cost in 2025-26: NHS −£7.4bn, Teachers £857m, Civil Service £770m, Armed Forces £1.0bn, Police £1.8bn, Scotland: NHS and teachers −£507m, Northern Ireland £59m, Fire £694m, Scotland: police £226m, Judges −£64m, Scotland: fire £67m.

Each unfunded scheme in 2025-26, cash

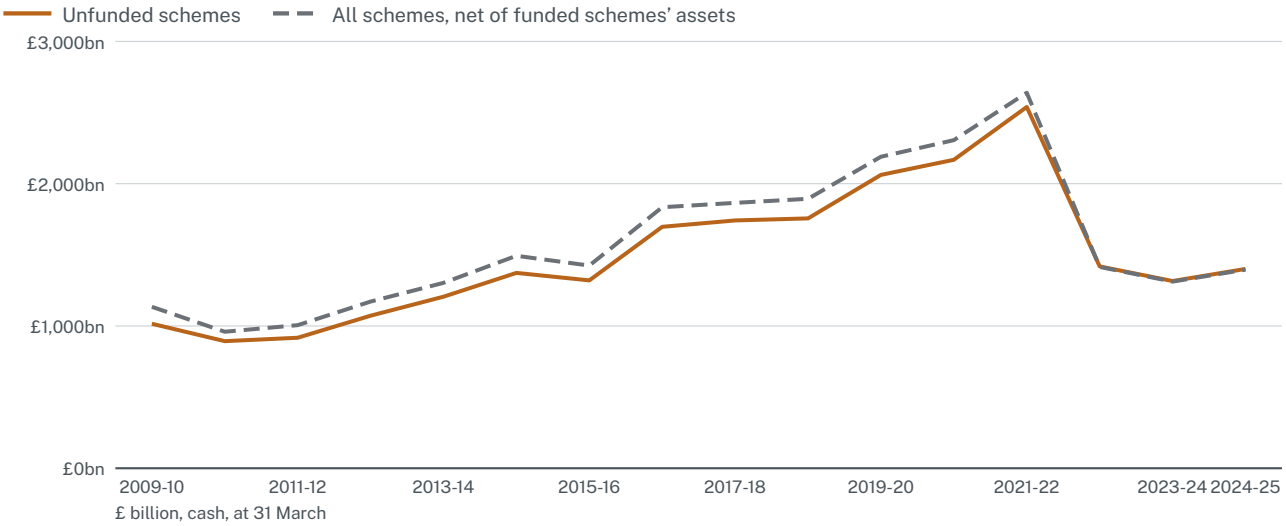

Scheme	Paid out	Employers paid in	Members paid in	Net cost	Covers
NHS Pension Scheme (England and Wales)	£18.8bn	£18.4bn	£7.6bn	−£7.4bn	England and Wales
Teachers' Pension Scheme (England and Wales)	£13.2bn	£9.2bn	£3.1bn	£857m	England and Wales
Civil Service Pension Scheme	£9.2bn	£6.9bn	£1.4bn	£770m	Great Britain and UK-wide bodies
Armed Forces Pension Scheme	£6.3bn	£5.2bn	none	£1.0bn	United Kingdom
Police pension schemes (England and Wales)	£5.0bn	£2.2bn	£854m	£1.8bn	England and Wales
NHS and teachers' pension schemes in Scotland	£3.7bn	£2.9bn	£1.2bn	−£507m	Scotland
Northern Ireland Executive pension schemes	£2.2bn	£1.6bn	£507m	£59m	Northern Ireland
Firefighters' pension schemes (England)	£1.3bn	£413m	£147m	£694m	England
Police pension scheme in Scotland	£633m	£291m	£106m	£226m	Scotland
Judicial Pension Scheme	£274m	£316m	£22m	−£64m	United Kingdom
Firefighters' pension scheme in Scotland	£151m	£59m	£24m	£67m	Scotland

Scotland and Northern Ireland run their own NHS, teachers', police and firefighters' schemes; the civil service scheme covers Great Britain and some UK-wide bodies. Smaller schemes (Royal Mail's statutory scheme, the UK Atomic Energy Authority's, the research councils' and others) are in the OBR's "other" line, net only, and not in these totals.

What is owed

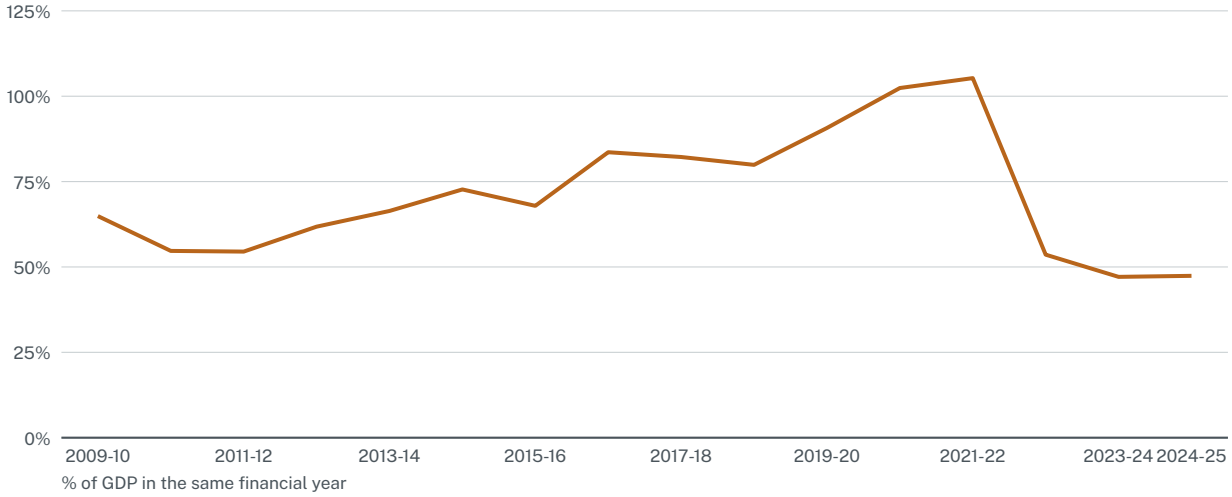

At 31 March 2025 the unfunded schemes owed £1,400.9bn in pensions already earned, and all public sector schemes together £1,395.8bn after the funded schemes' assets. That is a valuation, not a bill: it is paid over the rest of members' lives, and it is not part of public sector net debt.

What is owed: public sector pension liabilities at 31 March, £ billion

Line chart of public sector pension liabilities from 2009-10 to 2024-25: unfunded schemes £1,015.6bn to £1,400.9bn; net total £1,134.7bn to £1,395.8bn.

Unfunded pension liabilities as a share of GDP

Line chart of unfunded public service pension liabilities as a share of GDP, from 64.9% in 2009-10 to 47.4% in 2024-25.

Pension liabilities by workforce, £ billion at 31 March: 2024-25 and 2023-24

Workforce	2024-25	2023-24
NHS (UK)	£531.4bn	£500.8bn
Teachers (UK)	£333.3bn	£307.8bn
Civil service	£216.9bn	£208.1bn
Armed forces	£150.3bn	£144.6bn
Police	£92.4bn	£93.9bn
Royal Mail	£28.2bn	£28.7bn
Fire	£20.5bn	£17.6bn
Other unfunded	£27.9bn	£14.4bn
All unfunded schemes	£1,400.9bn	£1,315.9bn
Local government (funded, net of assets)	£-1.7bn	£-2.8bn
Other funded (net of assets)	£-3.4bn	£-1.2bn
Net public sector pension liability	£1,395.8bn	£1,311.9bn

Some of the schemes inside those totals, £ billion at 31 March (2024-25)

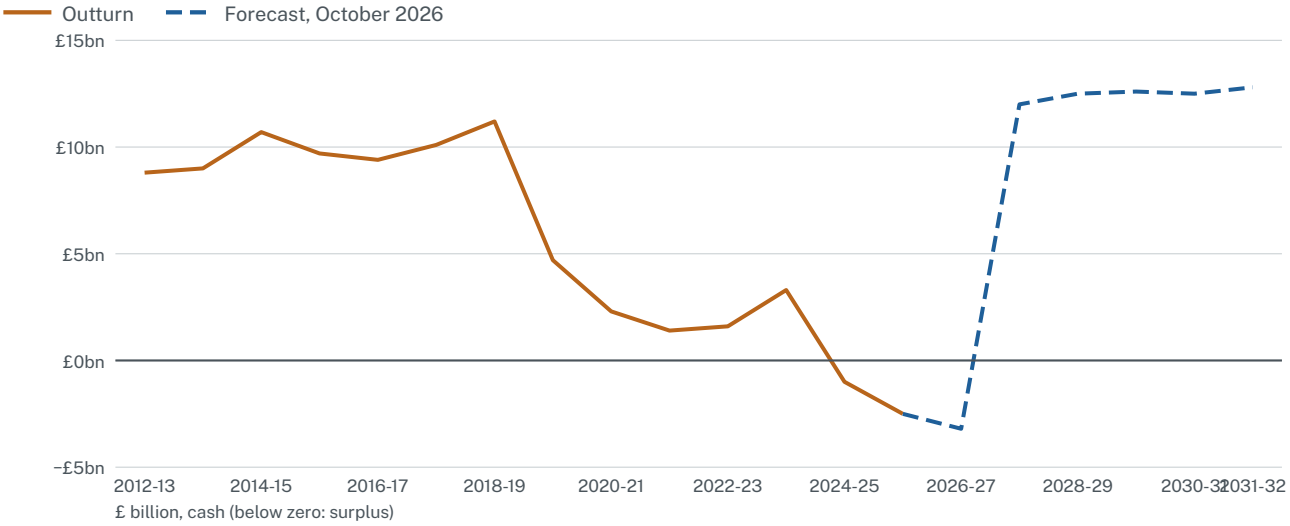

Scheme	2024-25	A year earlier
NHS Pension Scheme (England and Wales)	£457.2bn	£431.0bn
NHS Superannuation Scheme (Scotland)	£53.7bn	£50.6bn
Health and Social Care Pension Scheme (Northern Ireland)	£20.5bn	£19.3bn
Teachers' Pension Scheme (England and Wales)	£290.7bn	£278.8bn
Scottish Teachers' Pension Scheme	£30.2bn	£29.1bn
Teachers' Superannuation Scheme (Northern Ireland)	£12.4bn	—
Civil Service Pension Scheme (Great Britain)	£200.9bn	£192.7bn
Armed Forces Pension Scheme	£150.3bn	£144.6bn
Police: Mayor's Office for Policing and Crime (London)	£20.3bn	£24.2bn
Police: Scottish Police Authority	£12.7bn	£12.4bn
Police: Department of Justice (Northern Ireland)	£7.3bn	£7.2bn

The accounts also charge notional interest on the liability each year. HM Treasury counts it inside debt interest: £19.4bn in 2025-26. It is on the debt interest page.

Source: HM Treasury, Whole of Government Accounts, 2009-10 to 2024-25: public sector pensions note, published 18 June 2026; HM Treasury, PESA 2026: table 5.2, public debt transactions, published 16 July 2026.

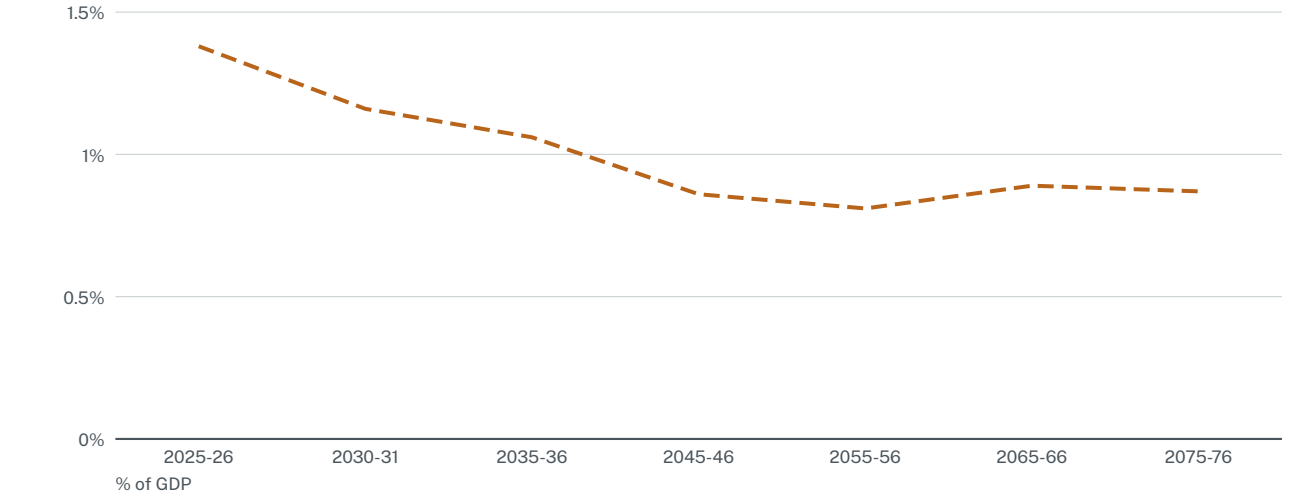

Where it is heading

United Kingdom

What the unfunded public service pension schemes the OBR names paid out: pensions, lump sums and payments to leavers. Smaller schemes (the Royal Mail Statutory Pension Scheme, the UK Atomic Energy Authority's, the research councils' and others) are in the OBR's "other" line, published net only, and are not included. The funded Local Government Pension Scheme is shown separately.

£60.7bn in 2025-26 (cash); £60.7bn in 2025-26 prices; £873 per resident; +3.4% on a year earlier in cash, +0.1% in real terms.

United Kingdom: by department or service body, 2025-26

Department or service body	Cash, 2025-26	Real terms (2025-26 prices)	Per resident	Real change on a year earlier	Source	Below this
NHS Pension Scheme (England and Wales)	£18.8bn	£18.8bn	£303	+0.1%	Office for Budget Responsibility	Local body not published: The OBR gives the scheme's totals. The scheme's accounts split benefits into pensions and lump sums and contributions into employers' and members' (in the table of scheme accounts below); they are not published by employer, trust or region.
Teachers' Pension Scheme (England and Wales)	£13.2bn	£13.2bn	£212	−0.5%	Office for Budget Responsibility	Local body not published: The OBR gives the scheme's totals. The scheme's accounts split benefits into pensions and lump sums; nothing is published by school, academy trust or council.
Civil Service Pension Scheme	£9.2bn	£9.2bn	£136	+2.1%	Office for Budget Responsibility	Local body not published: The OBR gives the scheme's totals. Employer contributions are paid by each department and are in its own accounts; the scheme does not publish benefits by department.
Armed Forces Pension Scheme	£6.3bn	£6.3bn	£90.29	−3.7%	Office for Budget Responsibility	Local body not published: The OBR gives the scheme's totals. The scheme's accounts split benefits into pensions and lump sums; not by service (Navy, Army, RAF).
Police pension schemes (England and Wales)	£5.0bn	£5.0bn	£80.65	−1.3%	Office for Budget Responsibility	Local body not published: Each police force (the police and crime commissioner) keeps its own pension fund account in its statement of accounts, and the Home Office pays each a top-up grant for the gap. No table of all forces is published.
NHS and teachers' pension schemes in Scotland	£3.7bn	£3.7bn	£661	−0.3%	Office for Budget Responsibility	Local body not published: The Scottish Public Pensions Agency publishes the NHS and teachers' schemes' accounts separately; the OBR gives them together.
Northern Ireland Executive pension schemes	£2.2bn	£2.2bn	£1,133	−4.3%	Office for Budget Responsibility	Local body not published: The OBR gives the Northern Ireland Executive's schemes (health and social care, teachers, civil service, police, firefighters) together; each publishes its own accounts.
Firefighters' pension schemes (England)	£1.3bn	£1.3bn	£22.70	+4.9%	Office for Budget Responsibility	Local body not published: Each fire and rescue authority keeps its own firefighters' pension fund account, topped up by a government grant. No table of all authorities is published.
Police pension scheme in Scotland	£633m	£633m	£114	+2.7%	Office for Budget Responsibility	Local body not published: The Scottish Public Pensions Agency's accounts for the police scheme; not broken down further here.
Judicial Pension Scheme	£274m	£274m	£3.94	+680.1%	Office for Budget Responsibility	Local body not published: Not broken down further.
Firefighters' pension scheme in Scotland	£151m	£151m	£27.30	−3.9%	Office for Budget Responsibility	Local body not published: The Scottish Public Pensions Agency's accounts for the firefighters' scheme; not broken down further here.

Cash is as published. Real terms are in 2025-26 prices, using HM Treasury's GDP deflator. Per resident divides by ONS mid-year population for the area the body serves. Changes compare the same body in consecutive years.

Members, pensioners and contribution rates

The four biggest schemes: members and contribution rates, from each scheme's latest accounts

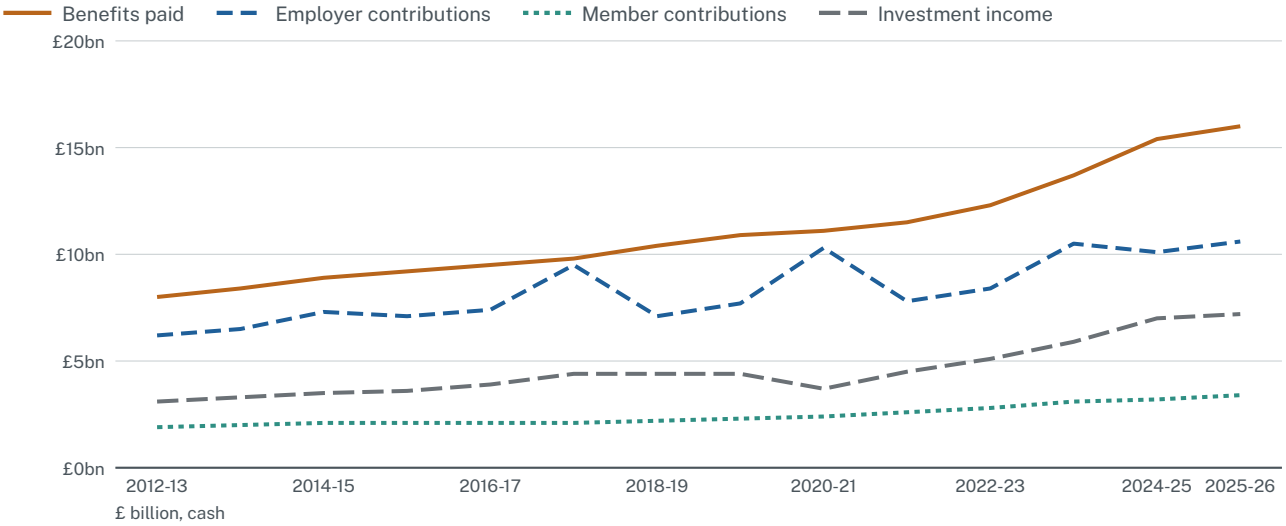

Scheme	Contributing members	Deferred members	Pensions in payment	Employer rate	Member rate	Liability at year end	Benefits paid
NHS Pension Scheme (England and Wales), 2025-26	1,909,142	864,417	1,253,762	23.7% of pensionable pay	—	£443.9bn	£18.5bn
Teachers' Pension Scheme (England and Wales), 2025-26	682,081	801,486	781,741	28.6% of pensionable pay	9.7% of pensionable pay on average	£275.0bn	£13.1bn
Civil Service Pension Scheme, 2024-25	606,054	355,529	740,944	28.97% of pensionable pay on average (27.0% before April 2024)	4.6% to 8.1% of pensionable pay, by pay	£197.0bn	£8.7bn
Armed Forces Pension Scheme, 2025-26	242,069	474,223	477,816	73.6% of pensionable pay (including 2.1% for the Armed Forces Compensation Scheme)	Members do not contribute (the small employee figure is purchases of added years)	£143.9bn	£6.1bn

Counts at: NHS, 31 March 2026; Teachers, 31 March 2026 for pensioners and 31 March 2025 for other members (reported a year in arrears); Civil Service, 31 March 2025; Armed Forces, 31 March 2026 (counted as benefits, not people). Contributions exceeded benefits: the scheme returns its £7.4bn surplus cash to HM Treasury. Sources: NHS accounts 2025-26, Teachers accounts 2025-26, Civil Service accounts 2024-25, Armed Forces accounts 2025-26 (checked 24 September 2026). Accounts can be a year ahead of the OBR's outturn above. Contribution rates are set by each scheme's valuation, every four years.

The Local Government Pension Scheme: funded

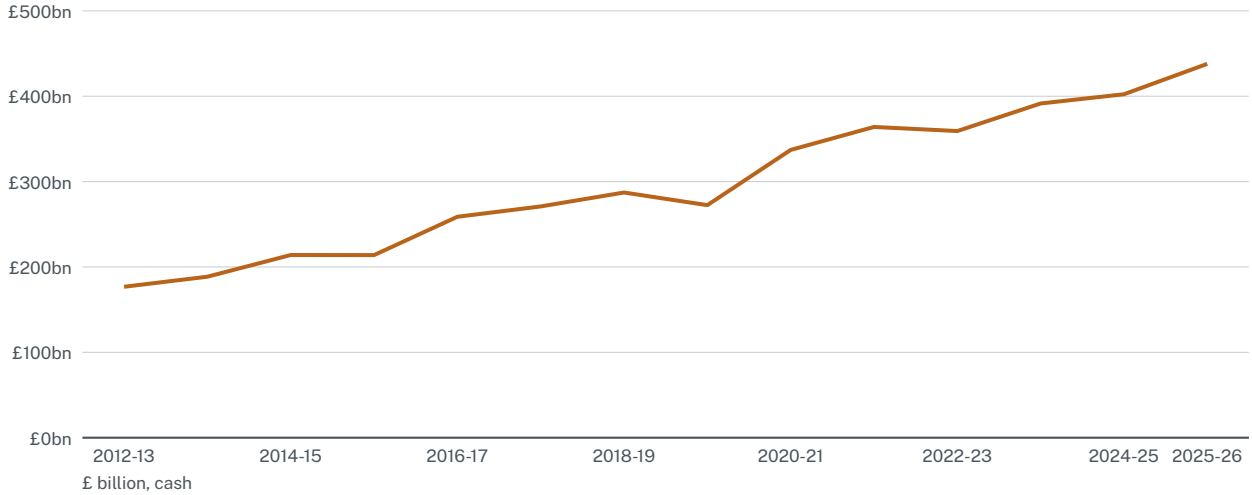

Council staff, school support staff and many other public and some private employers' staff belong to the Local Government Pension Scheme. Unlike the schemes above it is funded: contributions are invested in 87 funds in England and Wales, and pensions are paid from the funds, not by the Exchequer. Employers' contributions still come mostly from council and other public budgets. Its figures are kept apart from the unfunded schemes and never added to them.

Local Government Pension Scheme, England and Wales: paid out and paid in, cash, £ billion

Line chart from 2012-13 to 2025-26: benefits paid rose from £8.0bn to £16.0bn; employer contributions were £10.6bn and member contributions £3.4bn in 2025-26.

Local Government Pension Scheme, England and Wales: value of the funds at 31 March, £ billion

Line chart of the market value of LGPS funds in England and Wales from £176.8bn in 2012-13 to £437.9bn in 2025-26.

Local Government Pension Scheme, England and Wales, cash

Year	Benefits paid	Contributions	Contributions less benefits	Value of the funds	Members (thousands)
2025-26	£16.0bn	£14.0bn	−£2.0bn	£437.9bn	6,930
2024-25	£15.4bn	£13.3bn	−£2.0bn	£402.3bn	6,861
2023-24	£13.7bn	£13.6bn	−£148m	£391.5bn	6,740
2022-23	£12.3bn	£11.3bn	−£998m	£359.2bn	6,570
2021-22	£11.5bn	£10.4bn	−£1.2bn	£364.0bn	6,318
2020-21	£11.1bn	£12.8bn	£1.7bn	£337.1bn	6,129

Source: Ministry of Housing, Communities and Local Government, Local government pension scheme funds for England and Wales, 2025-26 (SF3): tables 1, 2 and 4, with earlier editions back to 2016-17, published 21 October 2026.

Fund by fund

Each fund is run by a council (or, for the Environment Agency, the South Yorkshire Pensions Authority and the London Pensions Fund Authority, a body of its own) and covers the councils, schools and other employers that belong to it, so a fund's area is usually wider than its council's. These figures sit beside the money; none of them shows how well a fund is run.

Every LGPS fund in England and Wales, 2025-26

Fund	Benefits paid	Members	Employers' primary rate	Administration cost per member	Assets per member	Investment costs, % of assets	Pensioners per 100 contributing members

What each measure counts

- **Employers' primary contribution rate** The rate the fund's actuary set for employers to cover pensions being earned now, as a share of members' pay, averaged across the fund's employers (SF3). Deficit payments ("secondary contributions") come on top. Set at each three-yearly valuation, so it moves in steps.

- **Administration cost per member** The fund's administration expenses divided by all its members (contributing, deferred and pensioners). Investment management and governance costs are left out. Funds record costs in slightly different ways.
- **Assets per member** The market value of the fund at 31 March divided by all its members. Not a funding level: that needs the value of what is owed, which SF3 does not collect.
- **Investment management costs, % of assets** Investment management expenses divided by the fund's market value at the end of the year. Depends on the mix of assets (private equity and property cost more to manage than index funds) as well as on value for money.
- **Pensioners for every 100 contributing members** Pensioners (including dependants) divided by contributing members, times 100: how mature the fund is.

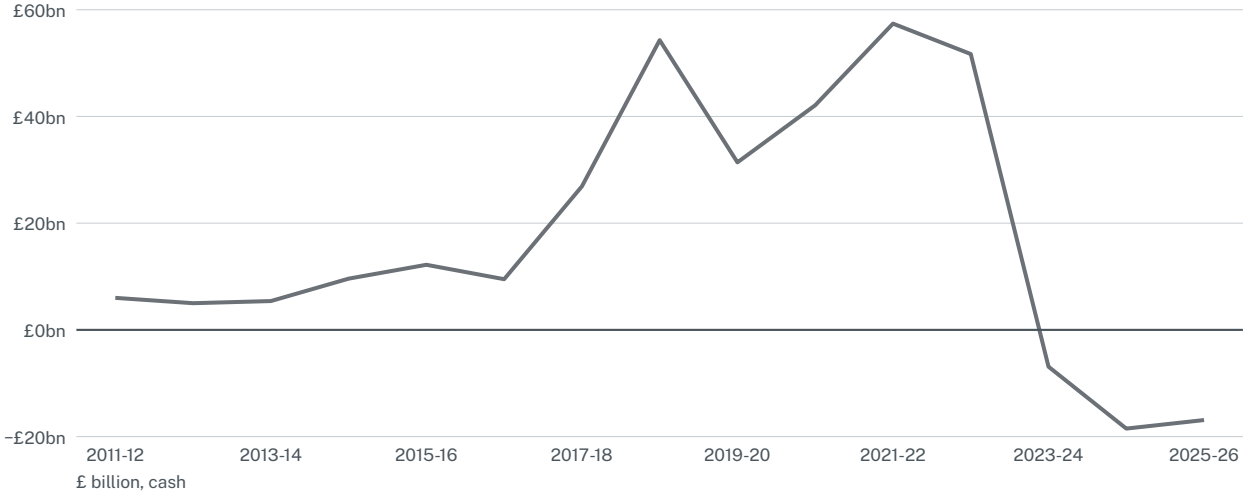

Figures for 2025-26. Group rows are worked out over the funds' combined totals. Funding levels need each fund's valuation and are not collected in SF3.

Source: Ministry of Housing, Communities and Local Government, Local government pension scheme funds: consolidated data by fund, 2023-24, 2024-25, 2025-26, published 21 October 2026.

How the Treasury's budget counts it

HM Treasury's budgets do not use the cash figures above. They count the cost of pensions as they are earned, which is why its line can be a large cost one year and a saving a few years later while the cash paid out barely changes.

HM Treasury's budgeting measure: "net public service pensions", £ billion

Line chart of HM Treasury's net public service pensions line from 2011-12 (£6.0bn) to 2025-26 (−£16.9bn).

What is not published

Figures asked for that are not here, and why

- **Each police force's and fire authority's pension fund account** Kept in each force's and authority's own statement of accounts; the Home Office and MHCLG do not publish a table of the top-up grants by force or authority. The OBR gives the England and Wales police total and the England fire total.
- **Welsh firefighters' pensions** Paid for by the Welsh Government and not named in the OBR's table (they are in its "other" line).
- **Members and pensioners of the Scottish and Northern Irish schemes** In the Scottish Public Pensions Agency's and Northern Ireland's scheme accounts (PDF), not read here; their money is in the OBR's table and their liabilities in the Whole of Government Accounts.
- **Staff who run the unfunded schemes** The schemes are run by NHS Pensions (NHS Business Services Authority), Capita (teachers, civil service), Veterans UK and others; their staff are not reported per scheme. For the LGPS, each fund reports its administration staff.

- **The Local Government Pension Scheme in Scotland (11 funds) and Northern Ireland (NILGOSC)** Published in each fund's annual report, with no collected statistics like England and Wales's SF3; the Whole of Government Accounts include their share of the net liability.
- **A funding level for each LGPS fund** Needs the value of what each fund owes, which comes from its three-yearly valuation, not from SF3.

The state pension, which is not a public service pension, is on the welfare spending forecast.

What these figures do and don't show

- **Cash, not promises.** The main figures are what was paid out and paid in during the year. Pensions being earned now show up in the liability and in HM Treasury's budgeting measure, both shown separately.
- **Employer contributions are mostly public money,** paid from the budgets of hospitals, schools, departments and forces.
- **The liability is a valuation.** It swings with the discount rate and is not part of a year's spending or of public sector net debt.
- **Named schemes only.** Smaller schemes are in the OBR's "other" line, net only, and left out; the Scottish police and firefighters' schemes are counted from 2024-25.
- **Cash and real terms.** Tables are cash; the long-run chart also shows real terms (HM Treasury GDP deflator). Before 2015-16 the OBR rounds to £0.1 billion.
- **Not split by nation.** The biggest schemes cover England and Wales or the UK.
- **The funded Local Government Pension Scheme is separate,** covers England and Wales only, and is never added to the unfunded schemes.

Figures from data/services/pensions.json, generated 16 November 2026.

Common questions

- **Are public sector pensions funded?** Most are not. The NHS, teachers', civil service, armed forces, police and firefighters' schemes are unfunded: pensions are paid from the contributions coming in, and the Exchequer meets any gap. The Local Government Pension Scheme, for council and many other staff, is funded: contributions are invested and pensions are paid from the funds.
- **Who pays public sector employer pension contributions?** The employer: an NHS trust, a school or academy trust, a government department, a police force or a fire authority. Almost all of them are funded by the taxpayer, so employer contributions are largely public money moved from one budget to another.
- **Why does the public sector pension liability change so much from year to year?** Because it is the value today of pensions to be paid over many decades, worked out with a discount rate linked to interest rates. When the rate rises, the liability falls, and the other way round, even when the pensions promised have not changed.

The cost of collection

Public services · Last updated 16 November 2026 · https://whereyourmoneygoes.co.uk/cost-of-collection/

£15.5bn was spent on collecting taxes and paying benefits in the UK in 2024-25, **£224** per resident. That is +1.4% on a year earlier after inflation (+5.4% in cash). In 2025-26 prices it has gone from £17.6bn in 2010-11 to £16.0bn. HMRC spent about £0.51 for every £100 of tax it collected in 2025-26; DWP spent £3.09 running the benefits system for every £100 of benefits and pensions it paid in 2025-26.

The short version

- **HMRC's cost of collecting tax:** £0.51 per £100 in 2025-26, down from £0.84 in 2005-06.
- **It differs by tax:** income tax £0.65 per £100 and National Insurance £0.12, in 2025-26.
- **Council tax in England:** English councils spent £1.18 for every £100 collected in 2025-26, before the court costs they recover.
- **The TV licence and VED:** the BBC spent £4.91 collecting every £100 of licence fee in 2025-26; DVLA spent £1.07 per £100 of VED in 2025-26.

Each tax: the cost for every £100 collected

HMRC publishes its cost in pence for every £1 it collects, which is the same number as pounds for every £100. The other collectors publish a cost and what they collected, and the figure per £100 is worked out from the two (marked *). Each uses its own definition, set out further down, so the figures sit side by side rather than in a league table.

What it costs to collect each tax, latest year published

6. Line or transaction

United Kingdom

The cost of collecting taxes and paying benefits for every collector here, added up for each year from what each publishes (HMRC's figures are worked out from its ratios). Years start when both HMRC and DWP have figures; other collectors join the total as their figures begin, marked as breaks. 2025-26 is left out of the total until every collector has published (Councils in Scotland: collecting local taxes; Social Security Scotland); each collector's own figure for it is below. It is the cost of the collectors, not of the taxes and benefits themselves, and England's and the devolved councils' figures are each their own nation's.

£15.5bn in 2024-25 (cash); £16.0bn in 2025-26 prices; £224 per resident; +5.4% on a year earlier in cash, +1.4% in real terms.

United Kingdom: by department or service body, 2024-25

Department or service body	Cash, 2024-25	Real terms (2025-26 prices)	Per resident	Real change on a year earlier	Source	Below this
DWP: running the benefits system	£9.0bn	£9.3bn	£134	+3.2%	Department for Work and Pensions	On its own page
HM Revenue and Customs	£4.7bn	£4.9bn	£67.82	−1.1%	HM Revenue and Customs	Broken down below
Councils in England: collecting council tax and business rates	£778m	£804m	£13.27	−5.4%	Ministry of Housing, Communities and Local Government	Broken down below
Department for Communities (Northern Ireland): social security	£349m	£360m	£181	−1.0%	Department for Communities	Local body not published: The accounts give administration and programme costs and income for the line, not a cost by benefit.
Social Security Scotland	£298m	£308m	£53.81	+6.1%	Social Security Scotland	Local body not published: The accounts split administration only into staff and other costs; not by benefit.
BBC: collecting the TV licence fee	£166m	£171m	£2.39	+9.9%	BBC	Local body not published: The NAO's report gives the cost of collection as one figure (with the share of revenue); it is not split by contract or area.
DVLA: collecting Vehicle Excise Duty	£98m	£101m	£1.42	−1.8%	Driver and Vehicle Licensing Agency	Local body not published: DVLA gives one figure for the net cost of collecting VED; it does not split it by channel, office or part of the UK.
Councils in Wales: collecting local taxes	£64m	£66m	£19.98	+17.2%	Welsh Government	Broken down below
Councils in Scotland: collecting local taxes	£50m	£52m	£9.09	−5.8%	Scottish Government	Broken down below

HM Revenue and Customs

Worked out from HMRC's published ratios: the cost of collecting taxes and of paying Child Benefit and tax credits. HMRC's whole spending (its administration expenditure) is higher: it also runs customs, the Valuation Office Agency and other work.

£5.0bn in 2025-26 (cash); £5.0bn in 2025-26 prices; £72.11 per resident; +6.7% on a year earlier in cash, +3.2% in real terms.

HM Revenue and Customs: by spending category, 2025-26

Spending category	Cash, 2025-26	Real terms (2025-26 prices)	Per resident	Real change on a year earlier	Source	Below this

Cash is as published. Real terms are in 2025-26 prices, using HM Treasury's GDP deflator. Per resident divides by ONS mid-year population for the area the body serves. Changes compare the same body in consecutive years.

On the map

An interactive map or explorer appears here on the live page.

The map covers the whole UK. Where the nations publish the same measure, they share one scale. Where they publish different ones, each nation is shaded against its own measure on its own scale, named in its own part of the legend, and the nations cannot be compared with each other. Where a nation publishes nothing for a measure, the map says so and links to what it publishes instead. Pick an area for its figures and a link to its page.

Every one of the billing authorities, on each measure on the map England and Wales: Council tax collected in the year, 2025-26. Scotland: Council tax received in the year, 2025-26. Northern Ireland: Domestic rates owed at 31 March per £100 paid in the year, 2025-26. The nations' figures are different measures and are not directly comparable.

What comes out: results by body

These are outputs and results published alongside the money. They are not what the money bought: demand, geography and recording practice differ between areas, and none of these figures shows cause and effect.

Each billing authority in England: cost of collection per £100 and share collected in the year

What each measure counts

- **Cost of collecting council tax per £100 collected** A billing authority's gross spending on collecting council tax (its Revenue Outturn line "council tax collection": staff, running costs and recovery action, before the court costs it recovers) for every £100 of that year's council tax it collected by 31 March. Billing authorities (districts, unitaries, metropolitan districts and London boroughs) collect for every body on the bill, so this is the cost of collecting the whole bill. Councils do not all put overheads in this line in the same way.
- **Cost of collecting business rates per £100 collected** A billing authority's gross spending on collecting non-domestic rates (Revenue Outturn line "non-domestic rates collection") for every £100 of that year's business rates it collected by 31 March. Councils are paid a cost of collection allowance out of the rates collected, recorded as income on the same line; the gross figure is the cost before it.
- **Council tax collected in the year** The share of the council tax collectable for the year that was collected by 31 March: MHCLG collection rates statistics in England; in Wales the Welsh Government's "amount received as a percentage of total debit" for in-year council tax (StatsWales, council tax collection by billing authority), the same measure from the same kind of return. The rest is mostly collected in later years.
- **Business rates collected in the year** The share of the business rates collectable for the year that was collected by 31 March: MHCLG collection rates statistics in England; in Wales the Welsh Government's "NDR collection rate" (receipts of in-year non-domestic rates over the estimated in-year net collectable debit, StatsWales).

HMRC: the cost of collection and its whole budget

HMRC's cost of collection covers collecting tax. Its administration spending is wider: it also runs customs and border work, pays Child Benefit, and ran tax credits. The cost in pounds here is HMRC's ratio times its total tax revenue.

HMRC: what it collected, its cost of collection and its whole running costs, cash

Year	Tax revenue	Per £100	Cost of collecting tax (worked out)	HMRC administration spending	Staff (FTE)
2025-26	£966.4bn	£0.51	£4.9bn	£6.6bn	66,416
2024-25	£875.9bn	£0.51	£4.5bn	£5.8bn	62,224

2020-21	£608.8bn	£0.51	£3.1bn	£4.5bn	58,553
2019-20	£636.7bn	£0.51	£3.2bn	£4.3bn	58,688
2018-19	£627.9bn	£0.52	£3.3bn	£4.0bn	58,773
2017-18	£605.8bn	£0.53	£3.2bn	£3.9bn	59,332
2016-17	£574.9bn	£0.55	£3.2bn	£3.8bn	61,781

- HMRC's note: Including HMRC staff only, excludes VOA. Historic workforce data was revised May 2024 to provide greater consistency and comparability between years
- HMRC's note: A change to the methodology for the overall cost of collection has been made in 2021 to 2022 and the ratio is now shown net of Customs & International Trade. For HMRC's overall cost of collection between 2005 to 2006 and 2009 to 2010, please see versions of the historical data series published alongside previous Annual Reports & Accounts.
- HMRC's note: Administering Tax Credits is not available after 2024-25 due to the regime ending.

Councils: council tax and business rates

In England the district, unitary, metropolitan and London borough councils collect council tax for every body on the bill (county council, police, fire, parish) and business rates for the national pool. Part of the cost is paid back: court costs charged to people in arrears, and a cost of collection allowance out of the business rates collected.

Councils in England: collecting council tax and business rates, cash

Year	Council tax: gross cost	Per £100 collected	Business rates: gross cost	Per £100 collected	Council tax: net of costs recovered

Housing Benefit administration is part-funded by a DWP grant that is also inside DWP's running costs, so it is shown but not added to the total at the top. Each council's figures, and how it compares with England, are in the table of results further down.

Councils in Scotland and Wales: collecting local taxes, net, cash

Nation	Year	Cost, net	Council tax and rates income	Per £100
Scotland	2024-25	£50m	£6.1bn	£0.83
Scotland	2023-24	£52m	£6.0bn	£0.86
Scotland	2022-23	£43m	£5.5bn	£0.79
Wales	2025-26	£77m	£3.2bn	£2.44
Wales	2024-25	£64m	£3.0bn	£2.12
Wales	2023-24	£52m	£2.7bn	£1.93

Source: Ministry of Housing, Communities and Local Government, Local authority revenue expenditure and financing: Revenue Outturn multi-year data set (RO6 council tax and non-domestic rates collection, council tax support administration; RO4 housing benefit administration), published 28 September 2026; Ministry of Housing, Communities and Local Government, Collection rates for council tax and non-domestic rates in England, 2025-26 (Tables 1 and 6, with earlier editions for earlier years), published 24 June 2026; Scottish Government, Scottish Local Government Finance Statistics, published 3 February 2026; Welsh Government, Local authority revenue outturn expenditure and financing (StatsWales), published 21 October 2026.

How each collector defines its cost

The definition each publisher uses, and what the cost is set against

- **All taxes HMRC collects HMRC, United Kingdom** HMRC's "overall cost of collection": the cost of collecting tax (HMRC's spending less the cost of paying out Child Benefit and tax credits and, from 2021-22, of Customs and International Trade) in pence for every £1 of total tax revenue. The cost in pounds is worked out here from HMRC's ratio and its total tax revenue. 2021-22: HMRC changed the method in 2021-22: the overall ratio is now shown net of Customs and International Trade. 2010-11: Years before 2010-11 are from the 2018-19 edition of the series, on the method then in use.
- **Income tax HMRC, United Kingdom** HMRC's cost of collecting income tax in pence for every £1 collected, from its annual report. HMRC does not publish the cost in pounds by tax: it is worked out here from HMRC's ratio and the tax's receipts in HMRC's receipts statistics, so it is an approximation.
- **National Insurance contributions HMRC, United Kingdom** HMRC's cost of collecting national insurance contributions in pence for every £1 collected, from its annual report. HMRC does not publish the cost in pounds by tax: it is worked out here from HMRC's ratio and the tax's receipts in HMRC's receipts statistics, so it is an approximation.
- **VAT HMRC, United Kingdom** HMRC's cost of collecting VAT in pence for every £1 collected, from its annual report. HMRC does not publish the cost in pounds by tax: it is worked out here from HMRC's ratio and the tax's receipts in HMRC's receipts statistics, so it is an approximation.
- **Corporation tax HMRC, United Kingdom** HMRC's cost of collecting corporation tax in pence for every £1 collected, from its annual report. HMRC does not publish the cost in pounds by tax: it is worked out here from HMRC's ratio and the tax's receipts in HMRC's receipts statistics, so it is an approximation.

- **Child Benefit HMRC, United Kingdom** HMRC's cost of administering Child Benefit in pence for every £1 paid out, from its annual report. The cost in pounds is worked out here from that ratio and what HMRC's accounts record as Child Benefit spending (resource AME).
- **Tax credits HMRC, United Kingdom** HMRC's cost of administering tax credits in pence for every £1 paid out, from its annual report. The cost in pounds is worked out here from that ratio and what HMRC's accounts record as personal tax credits spending (resource AME). Tax credits closed in April 2025, when the last claims moved to Universal Credit; HMRC publishes no ratio after 2024-25.
- **Vehicle Excise Duty DVLA, United Kingdom** DVLA's "net cost of collecting VED", as brought to account in its business account (until 2019-20 described as including the enforcement action against untaxed vehicles), set against gross VED collected before refunds, the measure DVLA uses when it says "for each £1 of gross VED collected". Worked out here from the two figures in each annual report. 2021-22: DVLA restated 2021-22 from £111 million (its 2021-22 report) to £80 million (its 2022-23 report) without saying why; the restated figure is used, and years before are as first published.
- **Council tax Councils in England, England** English billing authorities' gross spending on collecting council tax (Revenue Outturn line "council tax collection", England as MHCLG totals it) for every £100 of council tax collected in the year, whatever year it was due for (MHCLG collection rates, Table 1). About two-fifths of the cost is recovered as court costs from people in arrears; the net figure is in the table. 2020-21: In 2020-21 courts paused council tax enforcement during the pandemic, so less of the cost was recovered from people in arrears.
- **Business rates Councils in England, England** English billing authorities' gross spending on collecting non-domestic rates (Revenue Outturn line "non-domestic rates collection") for every £100 of business rates collected in the year (MHCLG collection rates, Table 1). Councils keep a cost of collection allowance from the rates collected, which is recorded as income on the same line. 2020-21: Business rates collected fell by almost half in 2020-21 because of the pandemic reliefs for retail, hospitality and leisure, so the cost per £100 jumped.
- **Council tax support (council tax reduction) Councils in England, England** English councils' gross spending on administering council tax support (Revenue Outturn line "council tax support administration"). The support itself is a discount on the bill, not a payment, so no total paid is published to set it against.
- **Housing Benefit Councils in England, England** English councils' gross spending on administering Housing Benefit (Revenue Outturn line "housing benefit administration"). DWP pays councils a grant towards it, which is also inside DWP's running costs, so it is shown here but not added to the total. The Housing Benefit councils pay is not in the same return, so no ratio is worked out.
- **Council tax and business rates Councils in Scotland, Scotland** Scottish councils' net spending on collecting council tax and non-domestic rates and administering council tax reduction, for every £100 of council tax and non-domestic rates income in their accounts (non-domestic rates are pooled nationally and redistributed, so the income is what each council received, which across Scotland is close to what was collected). Net of income such as recovered costs.
- **Council tax and business rates Councils in Wales, Wales** Welsh councils' net spending on local tax collection and council tax reduction administration, for every £100 of council tax and non-domestic rates income (rates are pooled nationally and redistributed). Net of income such as recovered costs.
- **TV licence fee BBC (TV Licensing), United Kingdom** The BBC's cost of collecting the licence fee (TV Licensing's contracted collection and enforcement, and related costs), as the Comptroller and Auditor General reports it with the Licence Fee Trust Statement, for every £100 of licence fee revenue. The licence fee is classed as a tax in the national accounts.
- **State Pension and working-age benefits DWP, Great Britain** DWP's running costs (resource DEL excluding depreciation and the skills programmes moved in from 2025: staff, jobcentres, service centres, IT, contracted assessments, and also employment programmes and grants to councils) for every £100 of benefits and pensions it pays (resource AME). DWP publishes no cost by benefit. 2011-12: HM Treasury's budgeting changes in 2011-12 changed what counts in DEL.

- **Devolved Scottish benefits Social Security Scotland, Scotland** Social Security Scotland's administration costs in its accounts (including what it pays DWP to deliver benefits not yet moved across) for every £100 of benefit expenditure in its accounts. Early years are high because the agency was being set up.
- **Social security in Northern Ireland Department for Communities, Northern Ireland** The Department for Communities' "operational delivery" line for social security, net of what DWP and others pay it for work it does for them. Benefits in Northern Ireland are paid partly from its own National Insurance Fund, so no single total paid is set beside it.

DVLA: the net cost of collecting VED, from each annual report (hand-kept)

Year	Net cost	Gross VED	Per £100	Checked
2025-26	£102m	£9.5bn	£1.07	24 September 2026
2024-25	£98m	£8.8bn	£1.11	24 September 2026
2023-24	£96m	£8.2bn	£1.16	24 September 2026
2022-23	£85m	£7.7bn	£1.11	24 September 2026
2021-22	£80m	£7.5bn	£1.07	24 September 2026
2020-21	£108m	£7.3bn	£1.49	24 September 2026
2019-20	£107m	£7.1bn	£1.50	24 September 2026
2018-19	£103m	£6.8bn	£1.52	24 September 2026
2017-18	£108m	£6.4bn	£1.70	24 September 2026
2016-17	£119m	£6.2bn	£1.92	24 September 2026
2015-16	£136m	£6.3bn	£2.16	24 September 2026

Figures asked for that are not published or not read here, and why

- **HMRC's cost of collection for each tax other than income tax, National Insurance, VAT and corporation tax** HMRC's annual report gives a ratio for those four and for all taxes together; excise duties, stamp duty land tax, capital gains tax and the rest are not published one by one. The remainder is shown as one line, worked out here.
- **HMRC's cost in pounds by tax** Not published: HMRC publishes pence per £1 collected. The pounds here are that ratio times what the tax raised, an approximation.
- **DWP's cost for each benefit (State Pension, Universal Credit, PIP…)** DWP does not publish a cost by benefit. Its running costs are set against all the benefits it pays.
- **Revenue Scotland and the Welsh Revenue Authority** Both publish their running costs against the devolved taxes they collect (land and buildings transaction tax, land transaction tax, landfill taxes) only in PDF annual reports; not read here. Their taxes are about £1.5 billion a year between them.
- **The cost of collecting rates in Northern Ireland** Land & Property Services collects domestic and non-domestic rates for the whole of Northern Ireland, not councils; it publishes no cost of collection by council area. What it publishes by council area is the rates paid in each year and the balances owed at 31 March (read here).
- **A business rates collection rate for each Scottish council** The Scottish Government publishes each council's non-domestic rates income (NDR income statistics), not the share collected in the year.

What these figures do and don't show

- **Each collector measures cost its own way.** HMRC excludes customs and benefits; DVLA gives a net cost; councils' figures are gross spending on a Revenue Outturn line; DWP's running costs include employment programmes. The figures sit side by side, with each definition, and are not a league table.
- **Some costs are worked out, not published.** HMRC publishes pence per £1, not pounds, by tax; the pounds here are its ratio times what the tax raised. Where the ratio is worked out from a published cost and what was collected, the table marks it.
- **A ratio falls when collections rise.** Higher tax rates, frozen thresholds and inflation raise what is collected faster than the cost of collecting it, so a lower cost per £100 is not by itself a sign of efficiency.
- **Cash and real terms.** £ per £100 compares two cash figures from the same year, so inflation does not affect it. The money charts are in cash and in the dataset's price base (HM Treasury GDP deflator).
- **The total adds up different areas.** HMRC, DVLA and TV Licensing are UK-wide, DWP Great Britain-wide, councils one nation each. The total adds each collector's own cost; it starts when both HMRC and DWP have figures, other collectors join as their figures begin (marked as breaks), and a year is left out until every collector has published it. Each council figure is labelled with its own nation and never presented as a UK figure.
- **Not the cost of complying.** What it costs taxpayers and businesses to fill in returns and keep records is not measured here.
- **No cost for your area, except councils.** HMRC, DVLA, the BBC and DWP do not split their costs by place. Councils' collection costs are published for each council in England, Scotland and Wales.

Quangos and arm's-length bodies

Public services · Last updated 16 November 2026 · https://whereyourmoneygoes.co.uk/public-bodies/

£365.7bn was spent on the UK Government's arm's-length bodies in the UK in 2023-24. That is +1.1% on a year earlier after inflation (+6.5% in cash). In 2025-26 prices it has gone from £347.6bn in 2018-19 to £392.8bn. That is the total managed expenditure of 304 bodies, 245 of them non-departmental public bodies, with 397,003 staff. Most of it is passed on: NHS England alone spent £174.2bn, most of the NHS budget.

The short version

- **Fewer quangos than 20 years ago:** 245 non-departmental public bodies at 31 March 2024, against 797 at 31 March 2002, though some of the fall is how they are counted.
- **A few bodies are most of the money:** NHS England (£174.2bn), Education and Skills Funding Agency (£72.2bn), HM Revenue & Customs (£39.6bn).
- **Much of it is passed on:** the NHS, schools and research grants are paid through these bodies, and are counted again on those services' pages.
- **UK Government bodies only:** Scotland, Wales and Northern Ireland have their own, not listed here.

How many there are, and how that has changed

At 31 March 2024 the UK Government sponsored **304** arm's-length bodies, of which 245 were non-departmental public bodies (NDPBs, the bodies usually meant by "quangos"). At 31 March 2002 there were 797 NDPBs. Executive agencies and non-ministerial departments have been counted only since 2013.

Non-departmental public bodies sponsored by the UK Government, by kind, at 31 March

Stacked bar chart of NDPBs by kind from 31 March 2002 (797) to 31 March 2024 (245).

The 2010 review ("the bonfire of the quangos")

The review announced on 14 October 2010 took in 904 bodies. In 2011 the government set a goal of reducing them by 250. The Cabinet Office's account of the outcome by 2015:

What happened to the 904 bodies in the 2010 review, as the Cabinet Office reported it in 2015

Outcome	Bodies
Retained	398
Retained and substantially reformed	132
Abolished	195
Removed by merging	101
Bodies left after the mergers	68
Reform still pending in 2015	10

The 2010 review covered over 660 NDPBs and over 240 other bodies, including some non-ministerial departments and public corporations; executive agencies were not included. The government set a goal in 2011 of reducing the 904 by 250. Some bodies left the count by being merged, reclassified or brought into a department rather than closed, and their work continues.

Where their money comes from and what it is spent on, 2023-24

All 304 arm's-length bodies, 2023-24, cash

Line	Amount
Income from government (grant-in-aid and funding from the department)	£369.8bn
Other income (levies, fees, charges, sales, the National Lottery)	£22.2bn
Total managed expenditure	£365.7bn
of which: day-to-day programme spending (resource DEL)	£282.3bn
of which: administration (resource DEL)	£5.5bn
of which: capital (capital DEL)	£38.9bn
of which: annually managed spending (AME: pensions, provisions, some demand-led spending)	£39.2bn
Paid out as grants (included above)	£224.9bn
Spent on consultants (included above)	£450m
Spent on contractors and agency staff (included above)	£1.4bn

As each body reported it to the Cabinet Office. Income and spending do not match: some bodies carry money between years, and some spending (depreciation, provisions) is not paid out in cash.

Spending by arm's-length bodies, by kind, 2025-26 prices, £ billion

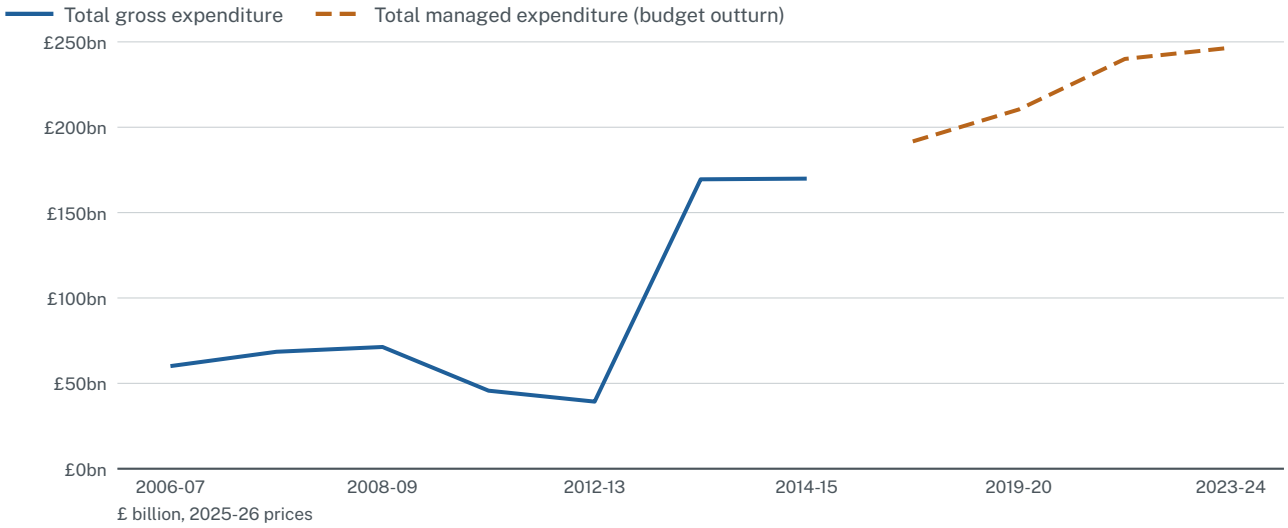

Stacked bar chart of spending by kind of body in real terms, 2018-19 to 2023-24. Executive NDPBs are the largest part throughout.

6. Line or transaction not published

United Kingdom

Total managed expenditure of every executive agency, non-departmental public body and non-ministerial department the UK Government sponsors, as each reported it to the Cabinet Office. 2018-19 and 2019-20 are budget outturn (resource and capital DEL plus AME) from the older editions; the directory was paused for 2020-21 and 2021-22. Much of it is money passed on (NHS England to the NHS, the Education and Skills Funding Agency to schools and colleges): it is also counted in the service pages it pays for.

£365.7bn in 2023-24 (cash); £392.8bn in 2025-26 prices; +6.5% on a year earlier in cash, +1.1% in real terms.

United Kingdom: by department or service body, 2023-24

The directory does not break a body's spending down further (only into capital, administration, programme and annually managed spending, and grants).
Department for Work and Pensions	£545m	£585m	—	+15.1%	Cabinet Office	Local body not published: The directory gives each of the department's 6 arm's-length bodies its own spending, staff and funding: they are in the searchable table of every body on this page, not drawn here, to keep the drill-down short. The directory does not break a body's spending down further (only into capital, administration, programme and annually managed spending, and grants).
Food Standards Agency	£139m	£149m	—	−10.4%	Cabinet Office	Local body not published: The directory gives each of the department's 5 arm's-length bodies its own spending, staff and funding: they are in the searchable table of every body on this page, not drawn here, to keep the drill-down short. The directory does not break a body's spending down further (only into capital, administration, programme and annually managed spending, and grants).
UK Supreme Court	£18m	£19m	—	+24.7%	Cabinet Office	Local body not published: The directory gives each of the department's 1 arm's-length bodies its own spending, staff and funding: they are in the searchable table of every body on this page, not drawn here, to keep the drill-down short. The directory does not break a body's spending down further (only into capital, administration, programme and annually managed spending, and grants).
Northern Ireland Office	£7m	£8m	—	+100.7%	Cabinet Office	Local body not published: The directory gives each of the department's 4 arm's-length bodies its own spending, staff and funding: they are in the searchable table of every body on this page, not drawn here, to keep the drill-down short. The directory does not break a body's spending down further (only into capital, administration, programme and annually managed spending, and grants).

Department or service body	Cash, 2023-24	Real terms (2025-26 prices)	Per resident	Real change on a year earlier	Source	Below this
Office of the Secretary of State for Scotland	£0m	£0m	—	+7.4%	Cabinet Office	Local body not published: The directory gives each of the department's 1 arm's-length bodies its own spending, staff and funding: they are in the searchable table of every body on this page, not drawn here, to keep the drill-down short. The directory does not break a body's spending down further (only into capital, administration, programme and annually managed spending, and grants).

Cash is as published. Real terms are in 2025-26 prices, using HM Treasury's GDP deflator. Per resident divides by ONS mid-year population for the area the body serves. Changes compare the same body in consecutive years.

By sponsoring department, 2023-24

Arm's-length bodies by the department that sponsors them, 2023-24: their spending, number and staff

Department	Bodies' spending	Bodies	Staff (FTE)	Real change on 2022-23	Income from government
Department of Health and Social Care	£175.1bn	16	25,876	+3.7%	£177.9bn
Department for Education	£74.8bn	15	8,444	+2.0%	£74.7bn
HM Revenue and Customs	£39.9bn	2	64,874	−7.8%	£41.1bn
Department for Transport	£28.6bn	16	66,605	−11.6%	£30.7bn
Ministry of Justice	£11.3bn	66	85,575	+1.4%	£10.9bn
Department for Science, Innovation and Technology	£10.4bn	10	14,222	−1.9%	£11.3bn
Department for Environment, Food and Rural Affairs	£6.0bn	30	25,146	+23.2%	£5.3bn
Ministry of Defence	£3.6bn	16	28,594	+11.2%	£3.7bn
Department for Culture, Media and Sport	£3.4bn	35	13,616	+45.7%	£1.7bn
Ministry of Housing, Communities and Local Government	£3.2bn	11	9,379	−38.5%	£3.5bn
Department for Energy Security and Net Zero	£2.9bn	10	6,373	+257.2%	£3.5bn
Home Office	£1.2bn	16	9,170	+10.2%	£851m
Foreign, Commonwealth and Development Office	£1.1bn	7	9,105	+3.6%	£218m
Attorney Generals Office	£945m	3	10,491	+11.1%	£1.0bn
Department for Business and Trade	£919m	14	5,609	+28.2%	£823m
Cabinet Office	£871m	11	6,385	+31.0%	£859m
HM Treasury	£722m	9	1,356	+42.1%	£1.3bn
Department for Work and Pensions	£545m	6	4,493	+15.1%	£517m
Food Standards Agency	£139m	5	1,533	−10.4%	£144m
UK Supreme Court	£18m	1	63	+24.7%	£9.8m
Northern Ireland Office	£7.1m	4	92	+100.7%	£3.7m
Office of the Secretary of State for Scotland	£0.3m	1	3	+7.4%	£0.4m

Spending is total managed expenditure of the bodies, not of the department itself. Changes compare with 2022-23, with each body under the department that sponsors it now.

Staff are full-time equivalents on 31 March, excluding contractors and agency staff. A dash means the body gave no figure. The culture page uses the same directory for DCMS's bodies, beside their grant-in-aid and visitor numbers.

Source: Cabinet Office, Public Bodies Directory 2023/24, published 29 May 2025; Cabinet Office, Public Bodies Directory 2022/23, published 17 December 2024.

Staff, and where the bodies are based

397,003 full-time equivalent staff worked in the bodies on 31 March 2024, with 17,074 more contractors and agency staff.

Staff in the UK Government's arm's-length bodies, thousands

Line chart of staff in arm's-length bodies from 2015-16 (268,399) to 2023-24 (397,003).

Bodies and their staff by the region of their headquarters, 2023-24

Headquarters	Bodies	Staff (FTE)
London	124	271,333
South West	24	50,950
South East	16	27,594
Wales	7	13,752
West Midlands	20	9,799
North West	12	8,736
Scotland	6	4,144
Yorkshire and The Humber	6	3,785
East Midlands	5	2,395
East of England	5	1,865
No single headquarters given	73	1,681
North East	2	878
Northern Ireland	4	92

Staff are counted where their body has its head office, not where they work. Bodies with no head office given are mostly advisory committees staffed by their department.

Source: Cabinet Office, Public Bodies Directory 2023/24, published 29 May 2025.

What they are for

Bodies by main purpose, 2023-24, as the Cabinet Office classifies them

Main purpose	Bodies	Spending	Staff (FTE)
Grant and subsidy issuing body	13	£258.3bn	25,620
Major programmes and delivery organisation	64	£96.4bn	272,578
Safety, licensing and regulation body	27	£4.4bn	36,604
Economic or sectoral regulator	17	£2.0bn	7,576
Cultural Institution	21	£1.8bn	18,317
Justice, prosecutorial and enforcement	24	£1.2bn	11,480
Research, innovation and development body	9	£861m	16,719
Advisory body	126	£447m	4,291
Other	3	£310m	3,817

Bodies by the part of the UK they cover, 2023-24

Covers	Bodies	Spending
UK	99	£49.4bn
England and Wales	76	£12.9bn
England	65	£272.8bn
England - Wales - Scotland	24	£17.9bn
UK and Overseas	20	£10.7bn
England - Wales - Northern Ireland	12	£235m
Northern Ireland	3	£3.6m
Scotland	2	£44m
England and Northern Ireland	1	£11m
Wales	1	£0.3m
England and Scotland	1	£1.8bn

Chairs: 178 bodies reported paying their chair (the middle figure £38,550 a year), 71 an unpaid chair, and 2 gave no figure. Board members' and chief executives' pay is in each body's annual report, not the directory.

What each measure counts

- **Executive NDPBs** NDPBs that carry out administrative, commercial, executive or regulatory work, with their own staff and budget.
- **Advisory NDPBs** Committees that advise ministers, usually supported by civil servants of the sponsoring department.
- **Tribunal NDPBs** NDPBs with jurisdiction in a specialised field of law (counted as tribunal systems, not individual panels).
- **Executive agencies** Parts of a department with their own management and budget (the DVLA, the Rural Payments Agency); counted from the 2013 edition.
- **Non-ministerial departments** Government departments without their own minister (HMRC, Ofsted, the Food Standards Agency); counted from the 2013 edition.

Source: Cabinet Office, Public Bodies Directory 2023/24, published 29 May 2025.

What is not published here, and why

Not in this dataset

- **Each body's spending in the tree** The directory gives one line per body, so the drill-down stops at the sponsoring department and every body is in the searchable table instead.
- **Public corporations (the BBC, Channel 4, the Post Office), NHS trusts and the devolved governments' own bodies** Not in the Cabinet Office directory, which covers bodies sponsored by UK Government departments. The Scottish Government, Welsh Government and Northern Ireland Executive each keep their own list.

- **Spending by body before 2022-23 and in 2020-21 and 2021-22** The directory was paused for 2020-21 and 2021-22. The older editions published spending in a different layout each year; the 2016 to 2018 finance tables count NHS trusts inside NHS England and leave some bodies blank, so they are not read.
- **Board members' pay and chief executives' pay** The directory gives the chair's pay only; each body's annual report and accounts gives the rest.
- **Spending or staff by nation or area** Not published. The directory gives each body's headquarters region and the parts of the UK it covers, shown here; staff are counted at the headquarters, not where they work.

What these figures do and don't show

- **The same money is counted elsewhere.** Most of what these bodies spend is passed on: NHS England's to the NHS, the Education and Skills Funding Agency's to schools and colleges. It is also counted on those services' pages, and the two are never added.
- **The total mixes bodies with different reach.** Some serve the whole UK, some Great Britain, some England and Wales, some only England; the table says which. That is why no per-resident figure is given.
- **Counts depend on how bodies are counted.** Executive agencies and non-ministerial departments were first counted in 2013; the Independent Monitoring Boards of prisons were 133 bodies until 2016 and one from 2017; a group of committees listed together counts as its number of committees. Each break is marked.
- **Spending measures change between editions.** Executive NDPBs' gross expenditure (to 2014-15) and total managed expenditure (from 2018-19) are different measures and are shown as separate lines, never joined. Nothing is read for 2015-16 to 2017-18, when the finance tables were published in a form that double counts, or for 2020-21 and 2021-22, when the directory was paused.
- **Staff are counted at headquarters.** The region table shows where each body's head office is, not where its staff work: HM Prison and Probation Service's staff work across England and Wales.
- **Public corporations and devolved bodies are not here.** The BBC, Channel 4 and the Post Office, NHS trusts, and the bodies of the Scottish Government, Welsh Government and Northern Ireland Executive are outside the Cabinet Office directory.
- **Figures are as each body reported them.** The Cabinet Office collects them from departments and checks them, and revises the file when bodies correct them; blank cells mean nothing was given.
- **Cash and real terms are both shown.** Real terms use HM Treasury's GDP deflator; the price base is given on each chart. Machinery-of-government changes (DLUHC to MHCLG, the Forestry Commission under Defra) are marked on the departments.

Figures from data/services/public-bodies.json, generated 16 November 2026.

Common questions

- **What is a quango?** An informal name for a public body that works at arm's length from ministers. The government's own term is non-departmental public body (NDPB): executive NDPBs such as the Environment Agency, advisory NDPBs (committees that advise ministers) and tribunal NDPBs. Executive agencies and non-ministerial departments are also arm's-length bodies but are part of government departments.
- **Are the Scottish, Welsh and Northern Irish bodies included?** No. This is the Cabinet Office's directory of bodies sponsored by UK Government departments. The devolved governments keep their own lists.
